# SUPPORT FOR SCHOOLS

---

***Salford Community Leisure is run by and for the people of Salford.***

***Since 2003 we have been committed to enhancing the physical and cultural wellbeing of the community through the sport, library and cultural opportunities we offer.***

Today, we manage over forty venues, including sport and leisure facilities, community centres, libraries, community use high schools, museums and a Music and Performing Arts Service.

We are proud to be able to claim that in recent years we have supported every maintained school in Salford with the education and skills development of children and young people from delivering swimming lessons and sports coaching to 6,000 pupils each week, music tuition to a further 2,500 children and young people as well as loaning more than 70,000 books and other resources to schools.

All our services can be tailored to each school's individual needs and flexibility is built in to account for changes in circumstance or priorities. Lesson plans and other services are aligned with the National Curriculum and meet guidelines set by Ofsted and other national and regional bodies.

Staff are qualified in their field with enhanced DBS clearance. We comply with health and safety standards and provide risk assessments for relevant activities.

We recognise the importance of ongoing communication and so provide regular updates and assessment reports that monitor pupil progress and demonstrate the value of the services utilised.

# SWIMMING SCHEME

**Delivered by Amateur Swimming Association (ASA) qualified teachers, our school swimming scheme has been developed over many decades and has produced many Olympic, Paralympic and national champions.**

Tuition is based upon the ASA's National Plan for the Teaching of Swimming (NPTS) and the requirements of Key Stage 2 in physical education; swimming 25metres unaided using a range of strokes and performing a safe self rescue in different water based situations.

## WHAT YOU WILL RECEIVE

Our 19 week programme develops pupils from the non swimming stage to a level where they are competent at stroke technique and water skills. Pupils will also receive instruction on personal survival, water safety and simple rescue techniques. We recommend that pupils in year's 4 and 5 attend on a weekly basis for a minimum of 19 x 1 hour lessons.

*The swimming teacher is well organised and shows good control and respect of the children.*

*Marie Leather*  
***Sport and Leisure Manager Aquatics***  
*0161 778 0772*  
*marie.leather@scll.co.uk*

## COSTS

The charge for one session (60 minutes) is £98.00, based on a service level agreement (which includes 2 swimming teachers and excludes transport).

The maximum teacher/pupil ratio is 1:20 for Key Stage 2. For pupils in Key Stage 1 the ratio is reduced to 1:12.

## ADDITIONAL SERVICES

- Extra water safety talks
- Extra swimming teacher

*In 2013 the ASA carried out extensive research that revealed that half of 7 – 11 year olds (1.1 million children) can't swim the length of a standard swimming pool (Key Stage 2 requirement) and only 2% of schools surveyed delivered the Government's recommended 19 hours a year of swimming lessons.*
