

Revelation 445

Specifications

Wavelength	445nm
Bandwidth	4nm
Beam Quality	Uniform speckle free illumination
Output Power	6W
Control	External potentiometer to control output power 1W – 6W 'dead man finger' Press for output / release no output
Input Voltage	12 VDC (Integral battery pack)
Battery Lifetime	Approximately 20 hours of normal use
Battery Charger	Supplied (Integral to unit)
Lifetime	>20,000 hours

Physical Characteristics

Dimensions	20cm (L) x 10cm (W) x 18cm (H)
Weight	<3.7Kg
