✔ UP AND OVER GARAGE DOORS

Access Garage Doors provide a full range of Steel, PVC, Timber and GRP Up and Over garage doors. Available in a wide selection of door styles, colours and finishes. Their flexibility in panel design, high security and easy operation are just some of the benefits.

A one piece up and over garage door is usually constructed from one single panel and the panel has the ability to be almost any design in a wide range of materials. The door panel is lifted up and then tilts to lay flat above your head hence the name 'up and over'.

✔ SECTIONAL GARAGE DOORS

Insulated sectional garage doors are highly secure, durable and energy efficient. There are endless options to choose from, including different materials, finishes and window options. Available in manual and automatic operation. These garage doors are so well engineered that they will provide years of trouble free use.

✔ SIDE HINGED GARAGE DOORS

Side Hinged garage doors combine robust and reliable performance with simple personal access and are available in a range of steel and timber door styles. These doors provide extra space inside the garage and are a great solution for garages where access to wall space or utility boxes is required near the door entrance.

✔ SWS SECURITY SHUTTERS

All our security shutters are made to measure, with various options available. They provide physical security and we are proud to supply and install with the knowledge we are providing the highest quality brands and products.

✔ ROLLER GARAGE DOORS

The roller shutter garage door is one of the neatest garage door solutions available, with smooth vertical operation and no internal tracking mechanism cluttering the inside of your garage. With an almost limitless selection of pre finished colours and woodgrain finishes.

Much more than just Garage Doors

OUTSTANDING VALUE

CREATE YOUR DOOR EXACTLY THE WAY YOU WANT IT

BIFOLD DOORS

Bifold doors offer the perfect house to garden solution for many home owners, opening up a property and letting the light flood in. When opened, door sashes can be stacked back against a wall or into space that is not used. You can fully open to around 90 per cent of the full opening width, allowing you the flexibility to let in lots of fresh air and move around freely.

We offer a comprehensive range including low thresholds, which allow access to be low level between your home and garden, whilst also ensuring easy access for toddlers or wheelchair users.

- ✔ Can be supplied with a 'floor level' low threshold
- ✔ 7 colours to choose from, including dual colours
- ✔ 25 year marine grade paint guarantee option
- ✔ Up to 6 opening sashes
- ✔ Wide range of accessories available

We also offer sliding patio doors that can be supplied with a **much bigger glass area than other alternatives**. If you have a great view and a wide enough door space, a sliding patio door is the ideal solution.
