INK TANK SYSTEM PRINTERS FACT SHEET

Printing Cost Comparison Chart

Product Type	Epson L-Series Ink Tank System Printer*	Conventional Cartridge Printer*	Conventional Laser Printer*
BLACK INK PRICE	\$ 9.90	\$ 23.50	\$ 277.50
BLACK PAGE YIELD	4,000	945	18,300
COST PER PAGE (BLACK)	\$ 0.002	\$ 0.025	\$ 0.015
COLOUR INK PRICE	\$ 29.70	\$ 56.40	\$ 1,194.00
COLOUR PAGE YIELD	6,500	755	41,100
COST PER PAGE (COLOUR)	\$ 0.005	\$ 0.075	\$ 0.029

* As of 28 August 2012, the Epson L-series offers users the world's lowest cost per page for any printer using genuine branded supplies from its own maker. ** Based on ISO/IEC 24712 pattern with Epson's own methodology. ^ Data derived from specifications of best-performing printers of comparable or higher retail price using ISO/IEC 24712 standard coverage for mono and colour printing as applicable. Actual yields may vary depending on manner of usage and print pattern. * For L-series 110/210/300/355/550/555; Data derived from Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC24712. Quoted yields are not based on ISO/IEC24712. Actual yields may vary depending on manner of using and print pattern.

BECAUSE YOUR PRINT WORRIES COULD BE A THING OF THE PAST TOO!

"My dream printer - print, scan and copy anywhere with WIFI function, with no worry about ink cost."

A user friendly printer for almost everyone at home. Economically priced with each ink bottle at only S\$9.90. I can print often in colour without much worry about the ink cost. Refilling is easy too. The WIFI feature allows me to scan, copy and print any where in my home. Printing on any paper media is good. It's even better if it's printed on photo paper. Cleaning the print head is easy too. Overall this is a dream printer I have been waiting for a long time. Thank you Epson.
dnstDavid Home user

"This is the best printer - easy to use with quality printouts. Try it to believe it."

My family simply loves this printer. It's easy to use and the wireless printing feature is great, even my 12 year old loves it. I have to admit that I was rather skeptical at first regarding the high page yield but it's looking to be true. We used to pay a hefty price for the cartridges each month but now I don't mind printing and the quality is good. You've got to try it to be believe it. I hope when the time comes to change the toner it will be as easy as all the other features :)
KATan Home user

"This is the BEST printer I've used, all my issues are resolved."

We started with an economical inkjet printer at home, then we upgraded to a laser mono. Some of us are rich enough to afford a laser colour. Some struggle with the cost of toners vs cost of ink cartridges. Then the ink TANK came about and all my issues were resolved! After 6 months of VERY HEAVY usage, the coloured tanks are still at 3/4 level, black at 1/3. I reckon I printed at least 1,000 coloured pages. Its so good that I bought 2 more. :)
