*From our factory in Warwickshire in the Midlands we have been manufacturing our exclusive range of affordable, high quality spiral stairs since 1987. We supply direct to both to private and commercial customers throughout the UK and the rest of the world.*

*Our spiral stairs are individually handmade from a range of materials such as cast iron, steel, hard wood and stainless steel to your specific requirements and our technical department can advise you on any spiral stairs required to meet UK Building regulations BS5395.*

## *The Grandborough*

The Grandborough range of spiral stairs is available in sizes from 1020mm to 1830mm diameter. Every stair is built by hand by Elite craftsman in our Warwickshire factory using only the best quality solid hardwood and premium grade steel.

Larger sizes are available to meet specific requirements.

All landing platforms and balustrade situations are different, so we tailor all balustrade to meet your needs. Our technical team will be happy to provide advise on your specific design of your stairs and landing.

No obligation quotes are available by going to our website or by simply calling the number below

Combining a steel core with hardwood treads and handrail to create an attractive stair suitable for any home or office

## *The Grandborough*

This elegant hand built spiral staircase is ideal for modern or traditional homes, providing a space saving access to an upper floor, mezzanine or balcony. This image shows the beech open faced treads with the black twisted wrought iron balusters. The CNC machined beech handrail attached by stainless steel fixing collars.

Landings can be supplied to fit round or square holes as in the stair illustrated. We also offer a "free space" landing which can be used to access an open faced mezzanine floor.

The Grandborough stair can be produced to fully meet UK building regulations BS5395.
