A detailed map of Trewayne Farm and Monkstone Beach. The map shows a farm with buildings, a paddock, and a field. A yellow path leads from the farm to the beach. There are various icons for facilities like toilets, showers, and recycling points. A dog is shown near the beach, and a seagull is flying in the sky. A boat is visible in the water.

About:

Trewayne Farm is a beautiful farm & camping park above Monkstone Beach and it has been home to the Reeds since the 1930s. A family friendly park that is nestled between Tenby & Saundersfoot, it's a perfect location for a trip to the splendid coast of Pembrokeshire, Wales.

Coast Path & Monkstone Beach:

A short walk through the Monkstone Field and you will find the famous coast path along with one of the best beaches in Wales. From here there is much to explore and access to local towns Tenby and Saundersfoot.

Facilities:

Throughout the park there are 5 toilet/shower buildings. You will also find disabled toilets, baby changing areas, shaver/hair dryer units, chemical waste points and a comprehensive recycling area which we'd encourage you to use. We also have a great little farm shop selling fresh local produce, and reception where we have free wi-fi, local information and much more.

Monkstone Field

Tucked beneath the farmyard, a limited number of pitches can enjoy incredible views over Carmarthen Bay. So book early for your caravan, campervan or motorhome - electric and non electric, but sorry no tents! There's easy access to the beach, hiking trails and any facilities you require.

Tenby Field

Just for tents and campervans not needing electricity. Spacious, flat and with wonderful panoramic views. The field has easy access to the surrounding woodland, hiking trails, beaches and coves with a great facilities building in easy reach.
