

# *Ceramic Inspirations*

[www.ceramicinspirations.co.uk](http://www.ceramicinspirations.co.uk)

All of our teapots are cast and decorated by hand. The subtle variations between one pot and the next mean that each of them is truly unique.

## *The Home of the Eccentric Teapot*

Ceramic Inspirations is the home of beautifully handcrafted teapots made in the UK. Our unique and quirky designs are created by our dedicated team at a pottery in Leyburn, North Yorkshire. The company, which was originally known as Swineside Ceramics and most recently The Teapottery, has a long history of producing high quality ceramic teapots and has built up an enviable reputation.

The extensive range of innovative and eccentric designs has captured the imagination of many and has become a firm favourite with enthusiasts across the world. Each teapot is handcrafted using a combination of modern and traditional techniques. The basic manufacturing process has remained virtually unchanged since the 18th century.

From bestsellers including 'The Aga' and 'The Espresso Machine', to the novelty 'Bath Tub' and the iconic 'Countdown' teapot, collectors are sure to find a unique design that is just their cup of tea!

## *Our History*

The pottery was first set up in 1978 by designers Martin and Judy Bibby, who created many of the stunning designs which are still popular today. Originally based in a converted farm in Swineside, in the Yorkshire Dales, Swineside Ceramics quickly developed a reputation for its innovative creations.

By 1986 the teapots were becoming so popular in the UK and abroad the Bibby's decided to change the company name to Swineside Teapottery. Due to the increased demand they soon outgrew the Swineside premises and moved to a new purpose-built pottery at Leyburn Business Park, North Yorkshire, where the pottery still remains today.

Trading now as Ceramic Inspirations, the pottery is adapting to the ever-changing needs of our customers. Working with sister company Cardew Design, exciting new creations are being added to the collection offering something fresh for enthusiasts across the UK.
