### CHACEWATER RIGHTS OF WAY (CROW) WALK

**SUNDAY 5<sup>th</sup> JANUARY 2020**

The first Chacewater Rights of Way (CRoW) walk of the new decade took place on Sunday the 5<sup>th</sup> January 2020 on a - typically damp - but nevertheless pleasant day. Exactly 4 years to the day since we started this enjoyable monthly activity, which was only ever intended to last for 4 months!

The route took us from the car park at 0930 as usual, across Fore Street (via pedestrian crossing!) and on to Station Road for a short way before taking a left turn up The Terrace before an immediate right up North Hill. Following Bridleways 301/19/3, 2 & 1 which run parallel with Station Road and in behind Carleys Organic Foods (for information the 301 is a specific Chacewater Public Right of Way (PRoW) designation from the Cornwall Council Definitive map), after about 5 minutes we emerged out on the roadway itself and walked for about 100 yards before heading up towards

P.T.O.

Wheal Busy on Bridleway 301/20/5. A short puff up this track until the majesty of Wheal Busy revealed itself, we paused for a short while to take in the scenery before heading off right on Bridleway 301/6/4 and then left on 301/5/3. In a short while we stopped to discuss the plans for the Cornwall Observatory in 2020. We then had a lovely moment as the horses in the next field came to say "Happy New Year", as seen below.

**The horse is not really trying to get at the camera in John Peck's rucksack  
....honest!!**

Photograph taken, we soon joined the Wheal Busy "loop" element of the Portreath to Devoran Mineral Tramway as we turned right along Bridleway 301/62/1 and then left on the road designated on the Definitive map as 301/9MU/7. Crossing the road and keeping Leigham Farm to our left along Byway 301/39/1, we soon passed the wonderful Grade II\* Listed Wheal Busy Chapel on the right, at which point some concern were voiced as to its long-term upkeep.

Coming across the old School Hall on the left and taking in the drone of traffic along the A30, we at merged into Bridleway 301/39/2 at this point and headed along towards RoC Boscawen Farm.

We stopped here to discuss the terrific works undertaken, immediately prior to Christmas by Cormac, who had tarmaced the whole stretch of Bridleway 301/2/3 from Hallenbeagle to the Farm itself. A magnificent job and we have since thanked Cormac, we then went along Byway 301/2/4 (noted for its historic stone surface) and Bridleways 301/60/2 and 1 (Japanese Knotweed noted), which eventually brought us out on the road leading to the right and back towards Wheal Busy.

Pausing once more to look at and talk about the Old Smithy, its future (fingers crossed that it will be stabilised this year), the surrounding area and the resurfacing works that some local volunteers were in the process of addressing with planings provided by Cormac's Environmental Team, the final leg of this particular walk took us along Bridleway 301/63/1, 2 and 3, back down into the village.

Arriving about an hour and threequarters after we had set off, all in all, this was a cracking way to start 2020 and we managed to check on some of the Cornwall Trails signage along the way, which was a real bonus.

The next CRoW walking group will set off at 9.30am on Sunday 2<sup>nd</sup> February 2020 – anyone is welcome to join in and we always go at the slowest person's pace – there is no rush.

# A MESSAGE FROM PASTOR ADRIAN - FRUITS OF THE SPIRIT.

## Part 5. Kindness.

Welcome to part five in my series of eight reflections on Galatians 5 verses 22- 23 called *The Fruits of the Spirit*. We are over half way through our journey now and we arrive at the subject of kindness, a subject which is surely close to all of our hearts.

Personally speaking, I would like to see more of those 'feel good', 'little acts of kindness' stories, that we only see at the end of the news on the telly. You know the type of story; 'A family guinea pig raises the alarm by squeaking and wiggling about in her straw and she saves a sleeping family from a fire in their house'. I think it is a shame that sometimes we can get the feeling from watching the news that the whole world is covered in doom and gloom. The mix of good and bad news seems to be a little bit disproportionate, for I am certain that there is a whole lot more kindness around than we are led to believe.

I am sure you have seen random acts of kindness as I do all of the time; within our family, in our work places and throughout our community, it is simply people helping each other out. These acts of kindness make our lives better, give us a boost and make the whole world look brighter. In a dark world Jesus said, "*I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life*". When we decide follow Jesus; we ourselves become the light in this world and with our small everyday acts or words of kindness we spread the love of God to all those we know and love. Acts or words of kindness become everyday and important to us and they give us a new positive perspective on life; a perspective with a brighter kinder future.

So, who do you know who is waiting for a small act or word of kindness? Perhaps now in the darkness of winter it is the time to spread the light to someone you know and together we can raise the profile of kindness in our world.

P.T.O.

Next month we move on to the subject of goodness in our *Fruits of the Spirit* series; until then I would like to take this opportunity, along with everyone at the three valley Methodist Churches, to wish you and your family every blessing and may the Peace of God be with you now and always.

## LOCAL GOVERNMENT NEWS

Dear Reader

As I put pen to paper on the 10th/11th January for this edition of the What's On in Chacewater, the most topical item at County Hall is the recent survey carried out inviting people to respond to the question of when pet dogs should be allowed on our Cornish beaches. It reminds me of similar outcomes from the Brexit referendum and discussions - it is a bit like "Marmite" – you either "like it or hate it". The question brought in a huge response, well over 13,00 people responded, many of them pet owners and the majority used emails which by the pressing a button went "viral" and increased the response. I am so glad that this electoral division does not cover any beaches because I think the outcome of the survey will please no one at all in the end. However, the decision will be made by the Neighbourhood Scrutiny Committee on 16th January at County Hall, but as I am not a member of that committee, all I can do is observe but cannot vote.

Talking of local issues, all the electoral wards or divisions as they are also known have now been revised and confirmed by Central Government which means Cornwall Council will change from 123 elected members down to 87 members in 2021 which is fairly close to the 82 former members that made up the Cornwall County Council 10 years ago, but members will have to do all the work in their area including the work that former District Councilors did so it will be a big undertaking. .

This present division that I represent at present, geographically is probably one of the largest in West Cornwall, it is all of Kenwyn Parish except the village of Threemilestone all of Chacewater Parish and the Baldhu ward of Kea Parish.

In 2021 this division will be split, and one member will be elected to represent the ward of Threemilestone and Chacewater, Baldhu logically will revert to a member representing Kea; Shortlanesend, Idless and Gloweth will join the Trehaverne ward of Truro.

P.T.O.

Whilst Zelah and St Allen are not in my present ward, for information they will be joining the ward of Goonhavern and Newlyn East. So a lot of change ahead.

Other issues concerning Chacewater that I am trying to deal with at the present, include a difficult enforcement issue which is making slow progress in the Creegbrowse area. Also, once again "The Shute" is causing me concern as Cornwall Council see their responsibility of duty to prevent flooding and they are not concerned that there is at present too little water coming out! Someone somewhere must be getting too much water, and I am pleased that the Parish Council is going to challenge Cornwall Council about their responsibility for this historic part of Chacewater.

As usual, if you think that I can be of any help. Please do not hesitate to get in touch:

## VILLAGE IN BLOOM 2021 (ViB)

By the time you read this, Village in Bloom (ViB) enthusiasts will have met up in late January to finalise planting themes and village sites for possible development and improvement.

Our next get-together will be on Wednesday 26<sup>th</sup> February 2020 – midday at the Kings Head.

Remember, it's never too late to get involved or just come along and see what we're up to!

Community involvement is essential. So, if you would like to share ideas or are willing to have a window box or hanging basket, please get in touch. Also, if you have spare greenhouse space for bringing on plants, it would be most welcome!

Hope to see you soon!

## 2020 LEAT CLEAN UP

The week long plan to clear out and clean up the Leat was actually (the author is delighted to advise) achieved in just one day this year! This could be put down to 4 specific reasons:

- First, it was clear from the outset that the maintenance work undertaken by voluntary groups in previous years had gone a long

### **The Leat Clean Team 2020**

**So, a huge thanks to our volunteers:** Tony Reynolds, Simon Blake, Malcolm Beckham, Peter Chesworth, John Rhea, Paul Shevlin, Steve Leech, Kath and Dave Ramsell

P.T.O.

way to ensuring many of the old bramble, silted areas and other obstacles had been removed.

- Second, more consistent road-sweeping down from Cox Hill into the village had significantly reduced the volume of sycamore leaves that had historically found their way into the Leat and caused much of the silting/clogging up.
- Third, the weather on the day was good - which was just as well given that the rest of the week was bad!
- Lastly, a large number of willing volunteers turned up 'kitted and spurred' for work on Tuesday the 7<sup>th</sup> January. That old adage of "many hands make light work" was certainly applicable on this occasion as we were able to deploy people to key points along our occasional watercourse to very good effect this year.

The whole Leat – from the west end of The Terrace all the way through to where it meets the Carnon River - was raked and swept through, all underpasses thoroughly cleaned through and with troughs dug either side (as advised by Mr Northey) in order to accommodate the inevitable build-up of silt. The Grille at Station Road was given particular attention because it had clearly done its job over the past year in holding up the bulk of debris that can find its way down the Leat. A good deal of litter had collected here and was seen along the whole course of the Leat.

**Litter remains a continual problem throughout the village – we all have a responsibility and it's not as if we don't have enough bins!!**

The Cormac Tool Trolley was again put to good use although its contents must now be reviewed for the betterment of all potential users and so this has been reported.

The end result can be seen in the photographs provided below - a safe and clear occasional water course for the year ahead . The speed at which the job was achieved this year enabled many volunteers to move up on to the Millennium Green to help with further maintenance works at that lovely public space, which is equally important. Let's hope next year is just as successful.

## VILLAGE PONDWATCH

### January 2020

The winter weeks have been quiet, wet and warm. Already, some trees and shrubs are beginning to sprout new buds as we await the first frosts. Plenty of rain has ensured the pond is full and water beetles regularly ripple the surface as they move around.

January gave the opportunity to do some vital maintenance work for the pond. Firstly, a willing crowd kept watch while a gallant parish councillor waded into the water. Several bushels of invasive parrot's feather weed were pulled out and dumped on the bank. A large water lily plant was lifted from the clear water and re-located near to other plants. Finally, plastic debris (including fishing line and a broken rod) was removed from the water. A very good job to keep the pond healthy for wildlife.

Work has begun also to tackle overgrowth around the pond. On the south side brambles have been removed to provide a potential bird-watching site and a viewpoint over the pond. More work will be done to improve access before spring arrives. Many toads arrived in mid-February last year so keep watch this month.

## SUGGESTIONS PLEASE

The Trustees of Chacewater Village Hall have long been aware of the difficulties often found with the way the kitchen at the hall has been designed. Problems arise when either there are lots of people to be served at the hatch; or when there are different organisations using the hall and all trying to use the kitchen at the same time.

We are now making a concerted effort to relieve these difficulties and that's where you come in. A suggestion has been made that we could create a bigger kitchen by incorporating the bar area and reception. Some plans have been drawn up and experts consulted. This plan is now on display in the kitchen at the hall.

There are 2 ways you can help:

Firstly, we want to know what you think of the idea and ask if you have any other suggestions.

Secondly, we'd like a letter of support for the scheme highlighting your problems and what you think about the plan.

Send letters to Chacewater Village Hall Hon. Secretary, c/o Chacewater Village Hall, Church Hill Chacewater, Cornwall TR4 8PZ

## IN MEMORIAM

IN  
HONOURED MEMORY  
OF THOSE  
WHO MADE THE  
SUPREME SACRIFICE  
IN THE  
GREAT WAR  
1914 - 1918.

Some 30 men of Chacewater lost their lives while serving in the armed forces during the First World War. Their graves lie in Africa, in Asia and across Europe. Many joined up locally or elsewhere in England. Others came back from Australia, from South Africa or North America.

*"HE THAT LOSETH HIS LIFE FOR MY SAKE SHALL FIND IT"*

Research uncovers some of the story behind the names of the fallen which are recorded on Chacewater War Memorial. While commemorating their individual sacrifice this also may help document part of our community's history.

### IN MEMORIAM

**William Henry GLIDDON - Royal Engineers, 170<sup>th</sup> Tunnel Coy.**

**Died 18<sup>th</sup> March 1916**

William Henry Gliddon was a Devon man, born in Holsworthy in 1878/9. He moved to Chacewater sometime before the start of the War, bringing his wife and children to live at Riverside on Station Rd. He was 37 years old when he was killed near Armentières in March 1916.

William Henry worked as a railway labourer for most of his adult life. He married Lily Voysey in 1906. (Lily's stepfather, William Gollop was a Railway Contractor's Foreman). Their first child, Olive May, was born in Saltash in 1907. Their second, Emily, was born two years later in Plymouth and their

son, William, was born in 1911 at Kingsteignton. All three children would have gone to Chacewater School.

William Henry Gliddon signed up for army service shortly after the war began. It is likely that he joined the Duke of Cornwall's Light Infantry and was posted to a pioneer battalion. (The Chacewater War Memorial lists his unit as D.C.L.I.) However, when the German army started to undermine and blow up static trenches, the British army rushed to develop its own force of sappers and tunnellers. William Henry was soon transferred into the Royal Engineers and deployed to France on 20<sup>th</sup> August 1915.

Throughout the next 6 months, **Sapper W. H. Gliddon** 104913 served in the 170th Tunnelling Company, Royal Engineers. This unit was continually engaged in intensive underground warfare in Flanders. During the battle of Loos they exploded two mines on 25<sup>th</sup> September 1915. They remained in the area of the Hohenzollern Redoubt preparing another 4 mines, which were blown on the evening of 2<sup>nd</sup> March 1916. Severe fighting in the crater area continued for some weeks in which William Henry Gliddon was killed.

[*Thanks to Chris Baker's: "The Long, Long Trail"*  
<http://www.longlongtrail.co.uk> for military details.]

W.H. Gliddon has no known grave. He was reported missing and a year later the Army decided that he died "on or since" 18<sup>th</sup> March 1916. His name is commemorated also by the Commonwealth War Graves Commission (CWGC) at the Ploegsteert Memorial.

## IN MEMORIAM

### **Sapper William Hackett V.C. (136414) Royal Engineers**

There are 11,395 casualties recorded on the Ploegsteert Memorial. Alongside the name of Sapper W.H.Gliddon (104913) is that of Sapper William Hackett V.C. (136414) who died a few weeks later in the same area, aged 43 years. The citation for his medal award testifies to the character of these men and to the conditions in which they fought.

*“For most conspicuous bravery when entombed with four others in a gallery owing to the explosion of an enemy mine. After working for 20 hours, a hole was made through fallen earth and broken timber, and the outside party was met. Sapper Hackett helped three of the men through the hole and could easily have followed, but refused to leave the fourth, who had been seriously injured, saying,:- “I am a tunneller, I must look after the others first.”*

*“Meantime, the hole was getting smaller, yet he still refused to leave his injured comrade. Finally, the gallery collapsed, and though the rescue party worked desperately for four days the attempt to reach the two men failed. Sapper Hackett well knowing the nature of sliding earth, the chances against him, deliberately gave his life for his comrade”*

### BOOK CLUB

We are back! The Book Club took a break over Christmas while the Kings Head was being re-furbished – and very nice it is too.

It was great to see everyone again on the 2<sup>nd</sup> Tuesday of the month. We occupied the new bench seating and gathered round 4 tables to have a lively discussion about the book of the month.

Our next meeting is on Tuesday 11<sup>th</sup> February 2020 at 7.30pm in the Kings Head. The book is "Normal People" by Sally Rooney.

Chacewater's Book Club is a friendly group (definitely not "highbrow") who love books – no joining fee, just read the book and come along.

## MILLENNIUM GREEN WORK PARTY

Fired up from clearing the Leat, a band of volunteers moved on to start work on the Millennium Green in the 2<sup>nd</sup> week in January. Excellent work was done to maintain the perimeter hedge alongside Church Hill.

Overgrowing shrubs were carefully pruned and brambles encroaching onto the Green have been removed to allow people to pass by. Essential management work was done to remove strangling ivy and dead wood from some trees. Sycamore growth was controlled to keep utility cables clear. Also, mixed hedges at the top of the Green were trimmed before birds start to nest.

Hours of collective effort produced a very large stack of woody prunings and uprooted brambles before the rain returned. Later on, a break in the weather allowed us to reduce this to a small pile of ash.

Many thanks to everyone who came to lend a hand with this work which improves plant growth and helps to sustain a broad range of wildlife. It makes a big difference and will help villagers and visitors to continue to enjoy the Millennium Green.

## FROM WIKIPEDIA

February is the second (and shortest) month of the year in the [Julian](#) and [Gregorian calendars](#), with 28 days in [common years](#) and [29 days](#) in [leap years](#), with the quadrennial 29th day being called the *leap day*. It is the first of five months to have fewer than 31 days (the other four being April, June, September, and November) and the only one to have fewer than 30 days. The other seven months have 31 days. In 2020, February has 29 days.

February is the third and last month of [meteorological winter](#) in the [Northern Hemisphere](#). In the [Southern Hemisphere](#), February is the third and last month of summer (the seasonal equivalent of [August](#) in the Northern Hemisphere, in meteorological reckoning).

### Your Warranty is Safe

Government legislation states that you are not obliged to have your vehicle serviced by the manufacturer. You can have your vehicle serviced by us safe in the knowledge that AutoCare garages fit Original Equipment/Matching Quality parts and your warranty won't be invalidated.
