Conservatory blinds in cool neutrals or energising custom colour options.

conservatory blinds

Make your conservatory a wonderfully welcoming and elegant atmosphere by choosing perfect blinds. Gentle light diffusion creates the perfect ambience for daytime relaxing and entertaining whilst instilling a warm and cosy feel at nightfall. We make your conservatory a wonderfully versatile and natural extension to your home.

With a wide variety of colours, materials and fabrics to choose from the Affiniti Conservatory Collection enables you to dress your garden room or orangerie in style. Every blind is made to measure for an exact fit to provide precise light control and shading. Whether you choose roman, pleated, roller, vertical or venetian blinds, every single blind is made just for you.

AFFINITI™
BLINDS FOR LIVING

ultimate light control

For the ultimate in light control and privacy, the simple lines of pleated blinds fit any conservatory perfectly. When folded away, their clever 'concertina' effect means that the blind practically disappears from view. Complemented by a wide range of accessories, you can make your conservatory as unique as your home. Our innovative 'Intu' range features blinds specifically made for UPVC conservatories for a totally seamless look.

Providing fantastic sun and glare protection, as well as a huge array of finishes and fabrics (including some solar reflective finishes) every blind in our collection allows you to enjoy your conservatory to its full advantage, whatever the weather or light intensity.

Pleated blinds are ideal for shading unusually shaped windows and roof panels
