

## Genesis – Mobile flagpole systems

Our mobile flagpole systems are suitable for multiple applications. Whether you require them for a sporting event, a festival or show, dealership or commercial forecourt – these 7m high structures are ideal for promoting your event, business or brand.

### Key points

- 7m high (base and flagpole combined) – maximises visual impact
- Fibreglass flagpole - white
- 500kg concrete base – portable – allows for repositioning when required
- Hinged base plate – enables pole to be lowered for removal and install of new flags
- For sale or hire – see price guide (back page)

Perma Flags

Classic Flags

### Permission to install a flagpole

**Do I need planning permission to install a flagpole/flag? Answers to this question appear to vary, depending on location and usage, so the following information is intended purely for guidance**

- Flags used for advertising and promotional purposes are controlled under Advertisement Regulations and may require consent from your local council.
- If you intend to fly national/international/community/district flags etc then you do not need planning permission to install a flagpole
- Local council policies on flagpoles can differ from each other so it is always advised to seek guidance from your local council in advance

## Perma Flag and Classic Flag fittings

Rotating Arm

Flag Rings

Base Cover

Flag Weight

Gold Finial

White Finial

Rope Cleat

### Perma Flag hardware

- Rotating arm – ensures brand visibility irrespective of weather conditions
- Flag rings - for holding depth of flag to the pole
- Base plate cover - in white to cover hinge bracket

As an option we can provide the top rotating arm with a white finial.

### Classic Flag hardware

- Gold finial – compliment your flag/brand
- Base plate cover - in white to cover hinge bracket
- Flag weight - to hold the base of the flag down

As an option we can supply the Classic Flag hardware with a halyard (rope) and cleat allowing you to change the flag without lowering the pole.
