IDEAS FOR THE HEART OF YOUR HOME

No matter what the style of kitchen, it's how it will work for you that will make all the difference. Much more than a food preparation area, it's where you can relax, entertain, create and enjoy with family and friends. If every detail is right, designed to suit you and your lifestyle, it can have a truly positive influence on the way you live.

We've brought together a wealth of ideas to ensure your kitchen is all that you want it to be – including imaginative storage, effortless functionality, and the seamless integration of lighting and technology.

With the help of your kitchen designer, Häfele can enhance the most important room in your house and ensure it's the heart of your home.

THE KNOWLEDGE TO MAKE YOUR KITCHEN SMARTER

We know what you need from your kitchen,
and every item is designed with you in mind.

At Häfele, we understand how important your kitchen is to you. It really is the heart of your home, and should be designed for every aspect of life – from cooking and eating to watching TV, listening to music or even catching up on paperwork.

This understanding is behind all our kitchen fittings and accessories. We know what you need from your kitchen, and every item is designed with you in mind. From the smooth way a cupboard closes to the tidy efficiency of hidden power sockets, it's all about making your kitchen a pleasure to use, every day.

REASSURING EXPERTISE

For more than 90 years, we've been helping people make more of their homes. Established in Germany, and now operating worldwide, we specialise in the fittings, hardware and systems that improve the way kitchens work. So when you choose our products as part of your new kitchen, you know you're getting the benefit of extensive knowledge and decades of experience.

And we're still a family business, owned and managed by family members who really care about the products and service we provide. You can rely on our commitment to the highest standards of quality and reliability, founded on a long tradition of German engineering where attention to detail is second nature.

All our kitchen ideas are built to last – day in, day out – in one of the busiest parts of your home. We want you to get the very best from your new kitchen, for many years to come.

WHICH KITCHEN PERSONALITY ARE YOU?

It's your dream kitchen, so make sure it's designed just the way you want it.

Everyone uses their kitchen differently, depending on many aspects of life. How much time do you have? Are you single, a couple or a family?

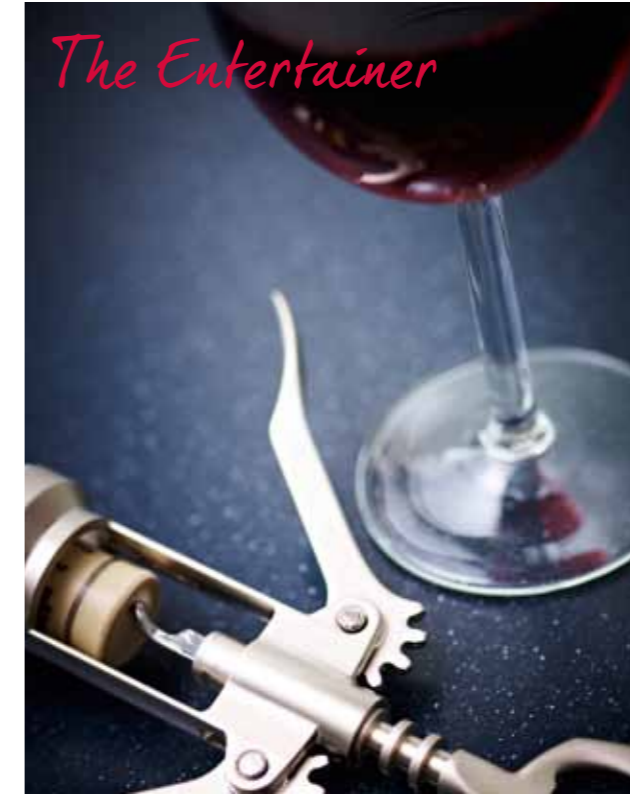

These factors and more make up your kitchen personality.

You may be **The Chef**, with a deep love of food and an enthusiasm for trying new recipes. You'll want plenty of versatile storage – vegetable baskets to store the freshest, tastiest ingredients and a larder filled with exotic spices. You'll also need a home for your favourite utensils – and as much work surface as possible, so you can spread out and be creative.

Idea: Pull-out units provide a tidy home for all your ingredients and utensils.

If you're always on the go and juggling different priorities, you're probably **The Multi-tasker**. You need a kitchen that's designed for much more than cooking – perhaps somewhere to charge your iPad, or to read with the kids. Above all it needs to be adaptable, to fit around all your different roles.

Idea: Add an iPad dock for optimal multi-tasking.

If you enjoy sharing food with friends, you'll probably want your kitchen to double as a dining room. You're **The Entertainer**, and you want somewhere your guests can relax and chat. Clever storage is important, to ensure everywhere can be left tidy so the focus is on entertaining, and you'll want lighting you can adjust to suit the mood.

Idea: Unique lighting will set the scene for a perfect night.

Nothing creates a homely atmosphere like the smell of freshly baked bread or cakes. Being **The Family Baker** is an essential role. There's a lot of weighing, measuring and timing involved, so you'll want all your equipment within easy reach. You might also like to get the children involved, so your cupboards and drawers need to be easy for them to reach too.

Idea: Clever drawer storage will help keep your ingredients organised and within easy reach.

For some, the kitchen has to be an efficient workshop, where meals are prepared quickly and tidying up is simple. **The 'No Fuss' Cook** values neat storage and fittings that make life easier – like power-assisted drawers and soft-close doors, and space-saving waste and recycling bins.

Idea: Touch-free drawer technology or drawers that open as if by themselves – literally no fuss.

Whichever personality sounds most like you – or even if you're a bit of each – we have lots of ideas to make your kitchen work as you want it to.

TAILOR YOUR KITCHEN TO BE AS INDIVIDUAL AS YOU ARE

PLANNING YOUR PERFECT KITCHEN

How do you ensure your new kitchen contains everything you want and need? Here are our planning tips...

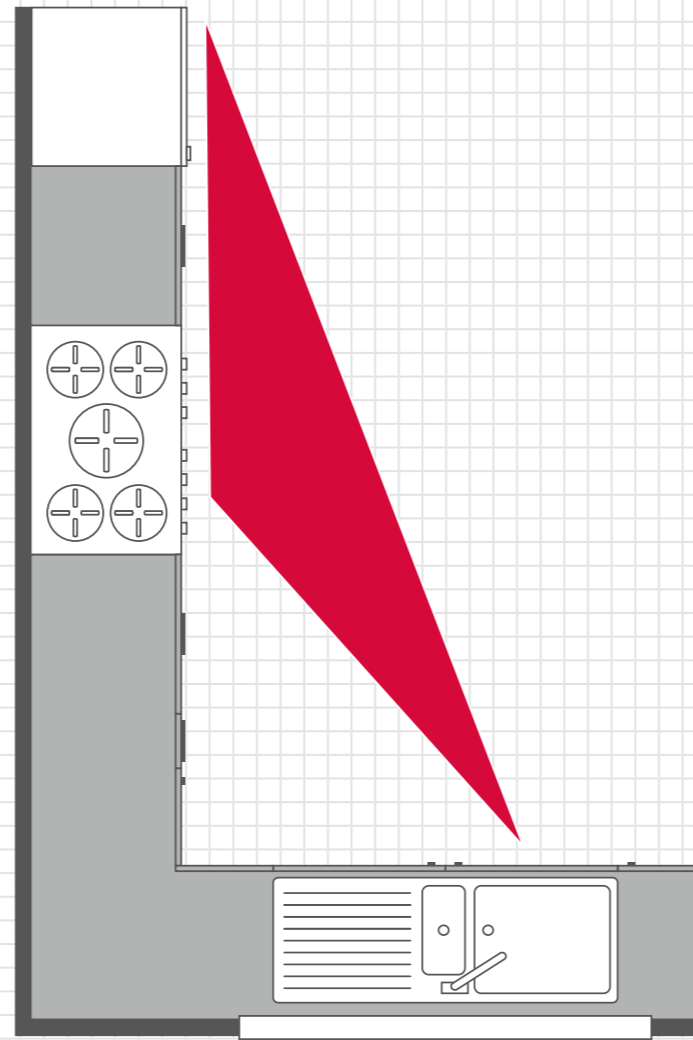

Most people keep the same kitchen for around 20 years. It's also the room we spend the most time in, so you'll want to consider every detail carefully before you buy.

THE WORK TRIANGLE

Most activity in a kitchen happens between the cooker, the sink and the fridge. We call these three points, and the imaginary lines between them, the 'work triangle'.

The basis of all kitchen design is to get the right distance between the three corners of the triangle: if they're too far apart, you waste time and energy moving between them; if they're too close, the kitchen feels cramped.

You can create the work triangle in virtually any shape kitchen.

THE FOUR ZONES YOUR RECIPE FOR THE IDEAL KITCHEN

Having used the work triangle to decide the overall layout of your kitchen, you need to think about your main tasks and the 'zones' where you'll carry them out.

This will help you decide the type of storage and appliances you need, and exactly where you should position them to ensure everything's just where you need it.

FOOD STORAGE ZONE
First, make sure you have enough storage space – for tins and packets, and all your fresh ingredients. Then think about your shopping and cooking habits, and decide what type of units you need. Also consider a worktop in this zone to make unpacking your shopping easier.

Idea: Larder units are perfect space savers for an optimum amount of storage.

CLEANING ZONE
As most kitchens today have a dishwasher, the sink is used more for preparing food than washing up. So it needs to be close to your cooker for washing vegetables and draining rice or pasta, and you'll need a waste bin or recycling.

Idea: Lockable cleaning basket for safe storage of cleaning products and a swing-out waste bin for simple and discreet recycling.

PREPARATION ZONE
The amount of work surface you need depends on how keen a cook you are. If possible, position your surfaces near both the sink and the cooker, with your utensils stored close by in speciality base unit storage.

Idea: Cutlery drawer inserts provide storage for crucial herbs, spices and utensils.

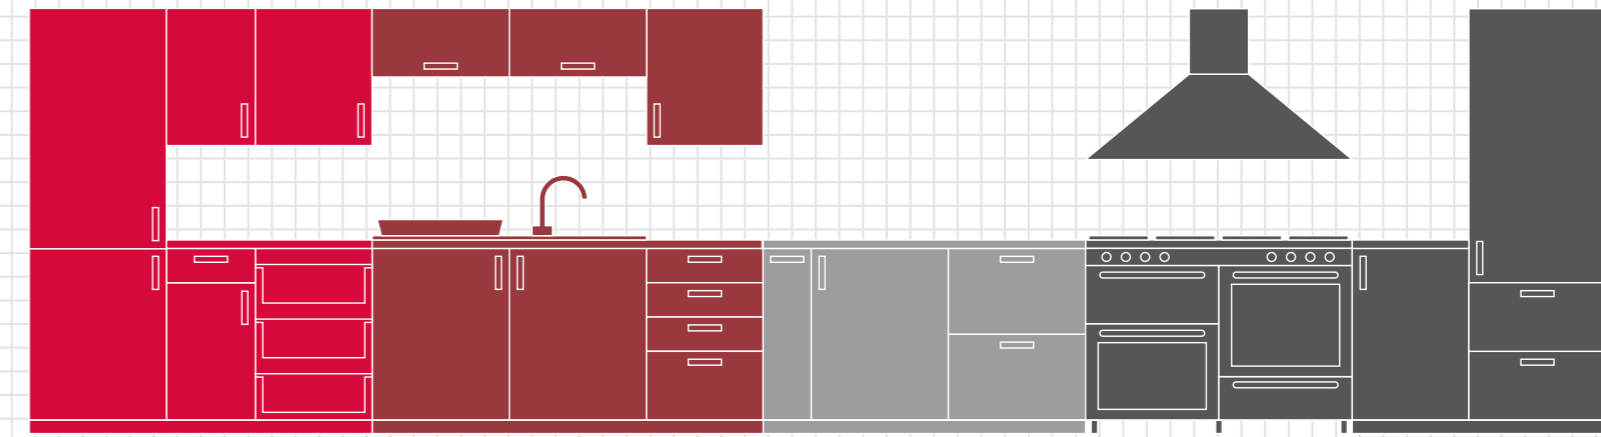

COOKING ZONE
You don't want to have to go far with hot pans, so plan your oven and hob near the sink and worktops. You'll also want your pans stored nearby, utensils close at hand and spices in easy reach.

Idea: Try a fixed hanging rail and choose the accessories that best suit your lifestyle. Don't forget under-oven drawers can provide convenient well hidden additional storage.

HAVE YOU GOT ALL THE RIGHT INGREDIENTS?

Your Checklist

- Are the corners of your work triangle the right distance apart?
- Does the type of storage suit the way you shop and cook?
- Is all your fresh food storage near the sink area?
- Are all your utensils organised and within easy reach?
- Are all your large pans and cookware stored near the oven?

FOOD STORAGE CLEANING ZONE PREPARATION ZONE COOKING ZONE

IT'S A LOT MORE THAN CUPBOARDS AND DRAWERS...

EVERYTHING WHERE YOU WANT IT, WHERE YOU CAN REACH IT

When you're designing your kitchen, you need to be sure you have enough storage and the right kind of storage. We can help you make the best use of your available space, designed to suit the way you shop and cook – and anything else you do in your kitchen.

The aim is to have 'a place for everything, and everything in its place', with all your groceries, crockery, cutlery, glassware and pans stored where you can get to them easily. You want to save space and time, and we have plenty of ideas to help you.

From pull-out larder units and pull-down baskets, to corner slide-out shelves and concealed wine racks, there are many ways to maximise your storage and make your life easier.

PULL-OUT LARDER

MAKE YOUR SPACE WORK HARDER

Ensure all your ingredients are close to hand.

Larder Units are ideal for your favourite ingredients to be organised and seen, solving the problem of groceries being lost and forgotten at the back of the cupboard.

PULL-OUT LARDER

The Pull-out Larder is the most popular larder unit. As the door is pulled all of the baskets inside are drawn out to reveal the contents.

- Easy access to contents from both sides
- Clear visibility from top to bottom so you can see everything inside
- Height adjustable baskets to suit your needs
- Integrated soft-close creates smooth, quiet closing
- Choice of baskets to suit chosen style

Product Shown:
Vauth Sagel HSA Pull-out Larder

Available in 5 finishes
Artline, Premea, Saphir, Classic Chrome, Classic Silver

ROTARY LARDER

SWING-OUT LARDER

Artline

Premea

Saphir

Classic Chrome

Classic Silver

ROTARY LARDER

With all the advantages of the Pull-out Larder, the Rotary Larder glides out and rotates left or right giving even better access to the content inside.

- Gentle pull-out and swing operation which is easy to use
- Rotates 90 degrees in either direction providing full access to contents
- Integrated safety feature to prevent the unit from closing until the frame is back in-line
- Choice of baskets to suit chosen style

Product Shown:
Vauth Sagel Rotary Larder

Available in 5 finishes
Artline, Premea, Saphir, Classic Chrome, Classic Silver

SWING-OUT LARDER

Slightly different to the Pull-out Larder – but boasting the same advantages – the Swing-out Larder opens like a normal cupboard drawing the baskets out to make the contents easily accessible.

- Baskets come out as the door is pulled open
- Easy access to contents
- Choice of baskets to suit chosen style

Product Shown:
Vauth Sagel VSA Swing-out Larder

Available in 5 finishes
Artline, Premea, Saphir, Classic Chrome, Classic Silver

MAKE LIFE EVEN EASIER BY ADDING AN ASSISTED OPENING SYSTEM

- Electrical motor added to aid in the opening of your larder
- By lightly pulling or pressing on the cabinet the motor is triggered to open
- Larder stops if it comes in to contact with an object or person
- Available on the Pull-out and Rotary Larder

A FRESH APPROACH TO STORAGE

Making the most of every space.

Utilise your cupboard space without compromising the clean, sleek styling of your kitchen and giving you easy access to the contents inside. And with the right solutions, narrow gaps can provide a surprising amount of storage space and functionality.

PULL-OUT VEGETABLE BASKETS

Clever basket ideas that allow you to have a specific place for fresh vegetables without cluttering up your kitchen.

- Can be hidden behind a cupboard door or shown-off with an open frame
- Perforated stainless steel base to keep vegetables fresh
- Easy, quick access to contents
- Choice of Beech or Oak wood-finish to suit chosen style

Product Shown:
Pull-out Vegetable Baskets

PULL-OUT VEGETABLE BASKETS

PULL-OUT BASKETS

Ideal for storing a variety of food stuffs, Pull-out Baskets give you the flexibility to store your cookware or consumables in easy reach.

- Easy access to contents
- Fitted behind a cupboard door or baskets can be attached to the door so opened when pulled out
- Integrated soft-close creates smooth, quiet closing
- Available in Saphir

SPECIALITY STORAGE SOLUTIONS

Unique space saving accessories to make the most of your cupboards.

ALL YOUR UTENSILS
EXACTLY WHERE
YOU WANT THEM

MULTI-PURPOSE PULL-OUT

A place for everything and everything in its place. Ideal for storing your culinary essentials all in reach for preparing your favourite meal.

- Easy access to all contents
- Fitted behind a cupboard door or baskets can be attached to the door so opened when pulled out
- Includes kitchen essentials; chopping board, cutlery holder, bottle holder and knife holder
- Integrated soft-close creates smooth, quiet closing

Product Shown: Vibo Multi-Purpose Pull-out

SLIMLINE PULL-OUT BASKETS

Ideal for narrower spaces, slimline pull-out baskets give you the flexibility to make the most of the storage space available.

- Easy access to all contents
- Fitted behind a cupboard door or baskets can be attached to the door so opened when pulled out
- Integrated soft-close creates smooth, quiet closing
- Choice of baskets to suit chosen style

Available in 5 finishes
Artline, Premea, Saphir,
Classic Chrome, Classic Silver

Product Shown: Vauth Sagel DSA Pull-out Baskets

TRAY HOLDER PULL-OUT

Hide away your baking or serving trays in an easy to access place.

- Adjustable holder height to accommodate any size tray
- Integrated soft-close creates smooth, quiet closing
- Available in Chrome or Silver to suit your style

Product Shown:
Vauth Sagel 150mm Tray Holder Pull-out

SPICE & OIL PULL-OUT

Find your favourite herbs, spices and oils quickly while you cook.

- Height adjustable baskets to suit your needs
- Integrated soft-close creates smooth, quiet closing
- Available in Chrome or Silver to suit your style

Product Shown:
Vauth Sagel 150mm Storage Pull-out

TOWEL RAIL PULL-OUT

Keep your tea towels out of sight whilst they dry out.

- Two towel rails for neat hanging
- Integrated soft-close creates smooth, quiet closing
- Available in Chrome or Silver to suit your style

Product Shown:
Vauth Sagel 150mm Towel Rail Pull-out

LOCKABLE PULL-OUT

Keep your cleaning products safe and out of the way, only allowing access by the right people.

- Secured inside a standard cupboard behind a cupboard door
- Lockable and child-safe
- Chrome plated steel, linear design

Product Shown:
Vibo Lockable Pull-out

WINE RACK

Keep your wine stored away, out of sight in either a wall or base unit.

- Easy, quick access to contents
- Chrome plated steel, linear design

Product Shown:
Wine Rack

THE RECIPE FOR A PERFECT KITCHEN

Making the most of every corner of your kitchen.

Allow the contents from the back of your corner cupboard to come to you so you can optimise accessibility to every piece of your cookware, crockery or consumables.

PULL-OUT CORNER BASKETS

This clever unit is designed so that the rear baskets automatically follow the front baskets when the door is opened.

- Baskets come out as the door is pulled open
- Allows easy visibility and access to the content of the whole cupboard without having to search
- Easy to use with little effort needed to open
- Integrated soft-close creates smooth, quiet closing
- Choice of baskets to suit chosen style

Product Shown:

Vauth Sagel Wari-Corner Pull-out

Available in 5 finishes

Artline, Premea, Saphir,
Classic Chrome, Classic Silver.

PULL-OUT CORNER BASKET OPENING

PULL-OUT CORNER BASKETS

SWING-OUT CORNER BASKETS

As an alternative, this unit is designed to attach to the hinged door so as you open the door the front basket swings out, and the back basket pulls forward.

- Baskets come out as the door is pulled open
- Allows easy visibility and access to the content of the whole cupboard without having to search
- Chrome plated linear design

Product Shown:

Vibo Eko Easy Corner

JUST AROUND THE CORNER

Pull-out storage solutions for those hard to reach corners.

PULL-OUT TWIN CORNER SHELVES

Open your cupboard door and then pull-out your shelves to access the content. This unique storage solution keeps your cookware and consumables at your fingertips.

- Designed so that the pull-out automatically begins to pivot as the unit is pulled
- Shelves pull-out together in sync with each other
- Easy to use with little effort needed to open
- Choice of shelf designs to suit chosen style

Product Shown:

Vauth Sagel Twin Corner Pull-out

Available in 3 finishes

White base with chrome rail, grey base with silver painted rail and white base with plexiglass sides

PULL-OUT SLIDE CORNER SHELVES

As an alternative, these unique shelves work independently from each other so you can choose to access just the top, or bottom, or both.

- Shelves do not obstruct adjacent cabinets when pulled out
- Shelves pull-out independently to each other
- Easy to use with little effort needed to open
- Available with white base and chrome rail shelves

Product Shown:

VIBO Fly Moon

Or why not match your modern, high gloss style kitchen with a high gloss black or high gloss white design of shelves?

- Shelves do not obstruct adjacent cabinets when pulled out
- Shelves pull-out independently to each other

Product Shown:

Ninka Power Slide Shelving Unit

AVAILABLE IN A
CHOICE OF HIGH
GLOSS FINISHES

PERFECT FOR PANS

Whilst using the full depth of the cupboard, carousels give you the benefit of accessing everything within. Perfect for large pans and cookware.

COMPLETE CAROUSEL

Pre-assembled with a built-in wooden chopping board, a complete carousel unit can easily be slotted in to any kitchen.

- Door pushes in and swivels inside with the carousel
- Integrated soft-close creates smooth, quiet closing
- Non-slip trays are ideal for keeping everything in its place
- Lacquered beech chopping board sits on top and is ideal for food preparation

Product Shown:
Ninka Mondo

SHELVED CAROUSEL

Designed to fit in to a standard corner cabinet, the shelved carousel is ideal for access to bulky pans and other cookware.

- The adjustable shelves rotate independently from each other
- Pole-free shelving allows you to reach in to the cupboard without any obstacles
- Available in full circle, three-quarter circle or concave designs to suit your kitchen layout
- Choice of shelf design to suit chosen style

Product Shown:
Vauth Sagel Recorner Maxx

Available in 3 finishes

White base with chrome rail, grey base with silver painted rail and white base with plexiglass sides

BASKET CAROUSEL

Utilise all the space within your corner cabinet without having to stretch to reach, similarly to the shelved carousel, the basket carousel is ideal for storing cookware or consumables.

- The shelves rotate independently from each other
- Centre pole included for shelves to pivot around
- Available in three-quarter or half circle designs to suit your kitchen layout
- Chrome plated steel, linear design

Product Shown:
Vibo Chrome Carousel

AVAILABLE IN HALF OR
THREE-QUARTER CIRCLE

CLEVER KITCHEN IDEAS

Make clever use of the space on your walls with wall storage solutions.

When cabinet and drawer space is taken and you need more storage solutions, wall storage can help to fill the gap. Create more places for your cookware, crockery and consumables and make a style statement too.

PULL-DOWN BASKET

Reaching the content at the top of your wall cupboard isn't always easy, especially when you are in the middle of preparing your favourite meal. This clever idea allows you to bring all content down to worktop height for easy access.

- Quick and easy access to wall cabinet contents
- Gas spring operated
- Chrome plated steel, linear design

Product Shown:
Vibo Pull-Down Basket Two-Tier

COMPLETE GLASS WALL UNIT

Whether you're entertaining or simply making a family dinner, give yourself the option to display the contents on your walls or hide them behind a simple door of glass.

- Maximises wall storage with the option to hide behind glass
- Supplied as a complete unit to a bespoke size as required
- Coloured glass available for a unique finish

Product Shown:
Complete Glass Tambour Unit

HANGING RAIL

Have the things you need most, right where you need them.

KNIFE HOLDER

Knives can be stored together in easy reach for chopping.

Product Shown:
Midway Hanging Rail with Various Accessories

SPICE RACK

Keep all herbs and spices together in one easy to access place.

WASHING-UP HOLDER

Perfect for storing all the essentials for washing-up.

UTENSILS HOLDERS

Keeps all utensils in one easily accessible place, freeing up drawer space for other things.

BOTTLE & OIL RACK

Ideal for keeping your cooking oils close at hand whilst preparing dinner.

MULTI-PURPOSE RACK

A versatile shelf for additional storage or display.

KITCHEN ROLL HOLDER

Easily accessible to grab paper towels for spillages.

HOOK SET

Give yourself even more flexibility to be able to hang whatever you like on your hanging rail.

SMARTLY INTEGRATED STORAGE IDEAS

Organisation is the key to a well run kitchen and these drawer inserts ensure that all your crucial ingredients and cookware are where you want them to be.

WOODEN DRAWER INSERTS

Whether you are looking to organise your cutlery, utensils, jars or spices, make sure you have a drawer solution which suits you.

- Expandable sides to fit the size of the drawer
- Oak or beech finishes available to suit your kitchen style

Product Shown:

eXtray and eXtray for Spices and Jars

IDEAL FOR STORING ALL YOUR COOKING ESSENTIALS AND UTENSILS

CUTLERY DRAWER INSERTS

Make sure your cutlery and utensils are organised and easily found when needed.

- Flexible design allows you to create the best combination of sections to suit your drawer size and needs
- Non-fixed and removable to make cleaning easy
- Dishwasher safe

Product Shown:

Cuisio Insert

FLEXIBLE DRAWER INSERTS

Organise your deep pan drawers to keep the contents neat and tidy.

- Expandable sides to allow you to arrange your drawers to best suit your needs
- Suitable for plates, pots, pans, packets and jars

Product Shown:

Cuisio-Flex

UNDER OVEN DRAWER

Create an extra deep drawer for your pots and pans underneath your built-in oven to free up extra space in your kitchen.

- Fits in a 600mm unit underneath a single built-in oven
- Utilises a space that would usually be wasted
- Runners are concealed and are not visible once the drawer has been pulled out

Product Shown:

Ninka Under-Oven Drawer Set

FOLD AWAY ACCESSORIES

These unique solutions allow you to fold away kitchen utilities when they are not in use, taking up minimal storage.

FOLDING IRONING BOARD

Keep your ironing board out of sight in a drawer in your kitchen.

- Collapsible, folding solution which fits tidily away in the top drawer
- Folds out to standard ironing board size
- Can be stored with ironing board cover already on

Product Shown:
Folding Ironing Board

FOLDING STEP

A versatile step which allows you to reach those high places in your kitchen without stretching, that can be easily stored away.

- Can be stored in a drawer, behind a plinth or in a cabinet (brackets may be required)
- Robust, compact design with wide non-slip steps
- Four hidden rollers make it easy to pull out

Product Shown:
Hailo Stepfix Folding Step

PULL-OUT TABLE

Perfect for small kitchens where an additional work surface or dining surface is required.

- Self-supporting drawer
- Can take weight up to 100kg
- Available in stainless steel or beech effect

Product Shown:
Hailo Pull-out Table

NEAT SPACE
SAVING IDEAS

A KITCHEN THAT FEELS AS GOOD AS IT LOOKS

Smooth, soft and effortless. That's how we want your kitchen to feel. Drawers that glide serenely. Cabinets that close gently yet reassuringly with just one touch. Doors you push lightly to open.

To make your life easier, you can choose from ideas such as soft-close and assisted opening - all so your kitchen is a better place to be.

MORE CONVENIENCE,
LESS EFFORT

FORM AND FUNCTION, PERFECTLY COMBINED

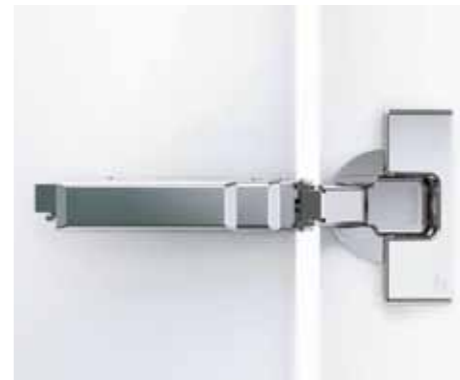

Cupboards which open and close with an understated elegance.

IDEAS IN MOTION

Sometimes it is the smallest of things that make the biggest impact. And when it comes to your kitchen this couldn't be more true.

The perfect kitchen offers doors that move smoothly and effortlessly, without noise. Whether you have push-to-open mechanisms or soft-close hinges – or both – it will be an effortless joy to open or close any door in your kitchen.

SOFT-CLOSE HINGE

The door is pushed back normally but when it reaches the last few degrees of closure, the soft-close mechanism will act and the door will slow immediately and then close gradually and silently.

- Gives you a quiet kitchen without slamming doors
- Helps maintain the longevity of the kitchen putting less stress on the cupboards over the years
- Suitable for all appropriate door weights and sizes
- Suitable for all door angle requirements

Product Shown:
Grass Tiomos Hinge

HINGE-LESS FLAP FITTING

With their modern design, hinge-less Flap Fittings combine elegance and flexibility whilst retaining their comfort and smooth functionality during use.

- Smooth, soft-closing action for gentle, silent closing
- Locks in any position so the handle is always in reach
- Can be set to open up to 107°
- Can be used for narrow depth cupboards

Product Shown:
Häfele Free Flap Fitting

BI-FOLD FLAP FITTING

Even high front panels can be lifted up with a Bi-fold Flap Fitting, helping you to maximise your storage space and usability.

- Designed to take up limited space, maximising your storage
- Assisted opening and soft-closing for ease of use
- Can be set to open up to 110°
- Flap locks in any position with multi-position stop function

Product Shown:
Häfele Senso Flap Fitting

OPEN THE WAY FOR NEW IDEAS

A gentle tap or pull is all it takes.

Wherever you look, innovations in design and technology make our daily lives easier. Electric windows on modern cars, mobile phones with cameras, the list is endless. And this is now being taken in to our homes and kitchens.

Whether you have a fully electronic system that opens and closes your drawers with a gentle tap, or you have an electro-mechanical system which combines easy touch opening with the subtlety of soft-close – it brings an elegance to your kitchen that makes life easier for you.

AN OPENING SYSTEM AND A DESIGN ELEMENT

ELECTRONIC SYSTEM

A unique electronically controlled system for drawers which sets a new benchmark in user comfort and intelligent functionality.

- A gentle tap triggers to open, and another to close ideal for when your hands are full
- Always at the same speed irrespective of the load they carry
- Opens, closes, accelerates, brakes and controls the movement electronically
- Safety features to stop movement if an object falls in its way
- Allows cupboards to be handle-free to give your kitchen a clean, sleek look

Product Shown:
Grass Sensortronic

ELECTRO-MECHANICAL SYSTEM

A light touch or pull is all that is needed for drawers or doors to open as if by themselves. And with soft-close to complement the closing, the combination gives you maximum comfort in your kitchen.

- A light touch or pull triggers the drawer to open part way, closed with a push
- Low power consumption
- Allows cupboards to be handle-free to give your kitchen a clean, sleek look
- Can also be used with larder unit or base unit storage solution

Product Shown:
Grass Sensomatic

ALL YOUR WASTE AND RECYCLING, SORTED

To help you keep your kitchen clean and tidy – and so you spend as little time as possible emptying your bins – we’ve developed a wide range of smart, efficient waste management products. Our ideas will also enable you to recycle as much as you can – with minimum effort.

There have been many advances since the standard pedal bin. We have the very latest ideas for sorting your waste into different types of recycling or composting, and waste compactors that dramatically reduce the volume of your rubbish.

A freestanding bin? Or one that’s integrated into a cupboard, drawer, or even a worktop? The choice is yours. Many have hands-free opening, and all are easy to empty. Again, we’re saving you time and effort, and making your kitchen smarter in every sense of the word.

ORGANISE AND
MINIMISE YOUR
HOUSEHOLD
WASTE

COMPACT SOLUTIONS TO WASTE

Hygienic and efficient recycling.

Being responsible to the environment is important for everyone and, what with recycling becoming mandatory in many communities, it is crucial to make recycling as easy and time efficient as possible within the home.

CRUSH YOUR RECYCLING TO A FIFTH OF ITS SIZE

The most comprehensive solution to waste and recycling management in the home. With over 65 litres capacity (before compaction) and four separate silos to accommodate the different waste recycling materials. A practical, efficient and tidy method of sorting, crushing and storing waste in the home.

WASTE COMPACTOR

- Allows you to sort and compact your waste with an increased storage capacity of 400%
- Simple push-button and auto-control operation
- Smooth runners for effortless sliding action on all drawer compartments
- Safety cut-off feature with automatic anti-jam and anti-overload detection
- Over 65 litres capacity before compaction with average 85% compaction ratio

Product Shown: Krushr

WASTE LESS TIME ON WASTE

Great ideas for convenient, segmented recycling.

PULL-OUT WASTE BIN

Designed so the bin is withdrawn away from its lid as it's opened, this is ideal for recycling and separating your household waste.

- Fixed to the door front for easy opening and integration to the rest of the kitchen
- Up to four bins and 87 litres of waste capacity to segregate your waste for recycling
- Integrated soft-close available as an option
- Easy to clean plastic
- Suitable for large families

Product Shown:
Hailo Euro-Cargo 60

PULL-OUT WASTE BINS

Giving you the flexibility to remove only the lids of the compartments you need to maintain a hygienic kitchen space.

- Fixed to the door front for easy opening and integration to the rest of the kitchen
- Bins are food safe and can also be used for storage
- Easy to clean plastic

Product Shown:
Ninka One2Five for Cabinets

SWING-OUT WASTE BINS

As with storage, waste segregation needs a place for everything. With colour coded bins which come out to you when you open the door, recycling couldn't be easier.

- Designed so the bin comes out of the cupboard as the door is opened
- Can be mounted left or right handed
- Colour coded compartments for recycling and general waste

Product Shown:
Vauth Sagel Oeko Centre Swing-out Waste Bin

DRAWER WASTE BINS

Depending on the design of your kitchen, there might not be a need to have a bin in a cupboard. In these cases there is an option to contain your waste bin in a drawer.

- Fixed to the base of a standard drawer for easy opening and integration to the rest of the kitchen
- Easy to clean plastic

Product Shown:
Ninka One2Five for Drawers

SPACE-SAVING WASTE BINS

When space is limited try a space-saving solution which still allows you to manage your waste effectively.

- An in-cabinet solution which is fixed to the base and hidden behind a hinged door
- Designed to be pull-out of the cabinet whilst the lid remains inside
- Ideal for sink base units
- Easy to clean plastic

Product Shown:
Hailo Tandem Space-saving Waste Bin

STYLE AND FUNCTION

Stylish bins to complement your kitchen and ensure waste removal is clean and efficient.

WORKTOP WASTE BINS

Negate the need to pick up the waste from your counter tops with an integrated worktop waste bin.

- Designed to be flush or recess mounted to suit the style of your kitchen
- Ideal for compostable waste when preparing fruit and vegetables
- Can hold up to 11 litres waste capacity
- Easy to clean plastic

Product Shown:
Worktop Waste Bin

WORKTOP WASTE BIN

FREE YOUR KITCHEN WITH A FLEXIBLE, FREESTANDING BIN

FREESTANDING WASTE BINS

SINGLE FREESTANDING WASTE BIN

An attractive design that you are proud to have out in your kitchen.

- Touch-free, foot pedal mechanism to allow you to open even with your hands full
- Integrated plastic ring holds bin liner in place whilst catching any near misses
- Large opening to fit plates or dustpans for accurate waste collection
- Up to a total of 50 litres waste capacity

Product Shown:
Hailo Kickvisier Freestanding Bin

TWIN FREESTANDING WASTE BIN

Ideal for large families or busy households, a twin freestanding bin has large capacity in a space-saving shape.

- Silent close lid technology which controls the motion of the lid for a slow, silent close
- Ability to lock the lid shut to prevent pets or children from opening the lid
- Designed to make the most of tight spaces, saving you valuable space in your kitchen
- Up to 60 litres waste capacity

Product Shown:
Simple Human Plastic Recycle Freestanding Bin

WASTE SEGREGATION FREESTANDING WASTE BIN

Keeping your plastics away from your cardboard and your compost away from your tins, this freestanding pedal bin can help to manage your recycling.

- Touch-free, foot pedal mechanism to allow you to open even with your hands full
- Colour coded compartments for waste segregation
- Up to a total of 33 litres waste capacity
- Easy to clean plastic

SWITCHED-ON IDEAS FOR LIGHTING

ENHANCE YOUR KITCHEN'S
LOOK AND FEEL, WITH
LIGHT, SOUND AND VISION

Whether you're waking up over breakfast, entertaining friends over dinner, or preparing a family lunch, the lighting in your kitchen can create the perfect mood. With a careful mix of general overhead and more intimate mood lighting – plus 'task lighting' over your worktops, cooker and sink – your kitchen will have the atmosphere you want at different times of the day or night.

Our lighting ideas include a wide choice of designs to enhance your kitchen. And to compliment them, the latest sockets and switches, in colours and finishes to match your décor. Also, to make your kitchen as versatile as you need it to be, we have drop-down TVs and accessories for MP3 players and tablet devices. Everything you need to enjoy time in your most important room.

BRIGHT IDEAS

Minimal, design-orientated lighting.

SQUARE DOWN LIGHTS

For those who like clean lines and sharp angles, a square spot light gives a fantastic minimalist look.

- Have your lights recessed or surface mounted to suit the style of your kitchen
- Ideal for high end, design orientated kitchens
- Can be mounted near the sink

Product Shown:
Slide LED Down Lights

ROUND DOWN LIGHTS

Soften the look of your kitchen with circular lighting in chrome or stainless steel.

- Have your lights recessed or surface mounted to suit the style of your kitchen
- Extremely flat design makes them almost invisible to the eye when looking straight on
- Lights can be dimmed to create mood lighting in your kitchen

Product Shown:
Loox LED 3002 Down Lights

TRIANGULAR DOWN LIGHTS

Make a statement with triangular shaped lights under your wall cabinets to lighten up your work surfaces.

- Unique design ideal to suit a modern style kitchen
- Choose between a warm white or a daylight white light to match the overall feel of your space

Product Shown:
Loox LED 4009 Down Lights

UNIQUE DOWN LIGHTS

For a truly individual look try a completely unique style of down light to work with the corners and curves of your kitchen.

- Using an innovative sliding design, these lights are surface mounted underneath your cabinets
- Available with touch LED switch to control lighting as you need it

ILLUMINATE YOUR HOME

Cooking, eating and entertaining.
Your kitchen is a versatile place
that needs versatile lighting.

DRAWER LIGHTS

Lighten up the contents of your drawers as you open them with built-in drawer lighting.

- Slim space saving profile to work on most standard drawers
- Hands-free control with a built-in infrared sensor turns on when the drawer is opened or closed
- Lights the whole drawer showing off the entire contents

LIGHTS UP THE
WHOLE DRAWER

STRIP LIGHTS

Create mood lighting in your kitchen that will become the envy of all your friends.

- Continuous strip of light for use under your wall cabinets or as plinth lighting
- Lights can be dimmed to create mood lighting in your kitchen
- Easy surface mounted fitting

Product Shown:
LED Strip Light

BOX SHELF LIGHTS

Make sure you highlight certain features in your kitchen with accent lighting – a shelf light is a great way to achieve this.

- A stylish aluminium frame with frosted glass top and bottom to allow light to shine through
- Ideal for high end kitchens that need something different
- Integrated on/off switch for you to control as you need to

Product Shown:
Illuminated Box Shelf Light

PLINTH LIGHTS

Specifically designed for use on kitchen plinths, these spot lights can create fantastic mood lighting in your kitchen.

- Round lights can be recess mounted to create a sleek finish
- Square lights come with self-adhesive backing for easy fitting

ADD MOOD LIGHTING
TO YOUR KITCHEN

SWITCHED ON DESIGN

Pay attention to the detail with design-led switches and sockets.

Being viewed as more of a functional part of the kitchen, we are often led to believe we are limited in our choices of switches and sockets. In reality, there is a vast array of design solutions which will enable you to match the colours and finishes to the rest of your kitchen.

By choosing from your favourite stylish frames and then matching with the right finish of switch or socket, you can create a unique coordinating or contrasting look.

STYLISH FRAMES

Firstly, ensure you choose a stylish frame which matches the décor in your kitchen – keep it subtle with a coordinating colour or, for the more adventurous, don't be afraid to choose a contrasting colour or finish that makes a real statement.

Pure White Glossy Anthracite Aluminium Black Green Aubergine

Brown Sand Glass Umber White Glass Mint Glass Black Glass

Anodised Aluminium Black Aluminium Brown Aluminium Walnut Aluminium Satin Stainless Steel*

CONTROL FINISHES

Pure White Glossy Aluminium Anthracite Satin Stainless Steel*

Once you have chosen your frame, select the finish for the control – the switch or the socket itself. Whether you want to coordinate an aluminium frame with an aluminium switch, or completely contrast your aubergine frame with the pure gloss white, there is a combination to suit your home.

* Only available with Satin Stainless Steel frames.

SOCKETS & SWITCHES

Finally, choose the sockets and switches you require in your kitchen. From a double socket and 3 gang push button switch, to a room temperature control with visual display clock, you can have a consistent look throughout your kitchen.

THE FINISHING TOUCHES MAKE ALL THE DIFFERENCE

TURN ON, TUNE IN AND ENJOY

Extra accessories that will
make all the difference.

iPAD SPEAKER DOCK

Whether you use this on the kitchen table top or mounted underneath a cabinet, it allows you to have your iPad in a viewable position when you need it.

- High quality stereo speaker for keeping you entertained in the kitchen
- No damage to the cabinets as secured by three self-adhesive rubber feet
- Once mounted it allows the iPad to be swivelled to 90 degrees
- Recharges the iPad whilst in use

Product Shown:
iPad Speaker Dock

iPAD HOLDER

Whether you use your iPad to search for recipes, video call your friends or simply read a book whilst you're in the kitchen, make sure it's in a safe place.

- Easy to use with smart click mounting
- Ideal for following recipes whilst cooking
- Can be swivelled for better viewing

Product Shown:
iPad Holder

POWERDOCK

Hidden underneath the work surface when not in use, perfect for kitchen islands and for plugging in when extra sockets are needed.

- IP54 rated when closed
- Neon master switch
- Two USB connectors for charging mobile devices
- Hidden design allows for the Powerdock to be out of sight

Product Shown:
Powerdock

USB CHARGER

Enables mobile or MP3 devices to be charged directly and simultaneously with numerous frame styles and finishes available to suit your style.

- Fits in to most standard wall boxes when used with an adapter support ring
- With two USB connectors
- Mix and match frames to match your décor

Product Shown:
USB Charger

MORE THAN JUST A KITCHEN

Make your kitchen the
main room in the house.

FLIP-DOWN TV

A luxury HD Ready flip-down TV, that allows you to prepare and cook whilst watching your favourite programmes.

- Built-in Freeview & DVD player
- HD Ready 15" screen
- For under cabinet mounting
- Drops down and swivels from below the cabinet to give better viewing
- Discrete and can be folded away when not in use

Product Shown:
Sovos TV
