During the summer, TEG English offers a well-established Junior Summer Programme for individual students aged 9 to 15. The programme includes English lessons in the mornings and an exciting activity programme in the afternoons. The lessons and the activities together provide a fantastic way to improve their English while being immersed in British culture. Parents can choose any number of study weeks to suit their summer plans.

During off-peak times we can offer a more flexible option (subject to availability).

HOMESTAY

live in a home with a local family

Homestay

Our aim is to give our students the best possible English language-learning experience while enjoying British life and culture. We believe one of the best ways to do this is to live with one of our friendly and carefully chosen homestay providers. We provide two main types of homestay accommodation:

Homestay Accommodation with meals (Half-Board)

For most students coming from abroad to study with us, we recommend homestay accommodation with meals. This is where you will be provided with your own room, use of bathroom facilities, a good breakfast and evening meal every day (with a packed lunch at the weekend) as well as natural speaking practice. We have a number of different homestay providers available.

Self-catering Homestay Accommodation

A less expensive option is Self-Catering Homestay Accommodation. This is self-catering which means you have the use of the kitchen facilities and are responsible for cooking your own meals. It is perfect if you want more independence. This option is available to 18+ year-old students.

All our homestay accommodation providers are inspected by TEG to ensure that they can provide the required service before we send any student to them. You are, of course, invited to comment at any time on the suitability of your homestay accommodation and homestay provider.

HALLS OF RESIDENCE

live in modern accommodation with students

If you are looking for modern, independent living and to make friends with other students, then University Halls of Residence is the best option for you.

We work with a number of Halls of Residence which offer a variety of features from studio flats to TV rooms. Some Halls are available all year round, some are only available during the Summer so, for the most up-to-date information and availability, we recommend contacting us directly.

What will they provide?

- A warm, furnished bedroom with a bed, wardrobe and/or drawers, a desk (or somewhere you can study quietly)
- Laundry facilities, clean towels and bedding every week
- A bath or shower every day
- A front door key
- Free Wi-Fi

SOCIAL PROGRAMME

what can you do after your classes?

We believe that successful language learning is helped by socialising regularly with your fellow students. At our Colleges, we have a fantastic Social Programme that includes enjoyable and varied activities throughout the year at affordable prices.

Every 1 to 2 weeks we go on day trips to popular and exciting cities near our Colleges. Destinations include London, Winchester, Brighton, Bournemouth, Bath, the Isle of Wight, the New Forest and Bristol. A member of staff will go with you to help you navigate the city and have a fantastic experience.

During the week we organise different activities including bowling, city tours, film clubs, conversation clubs, afternoon tea, laser quest and pub nights.

We are confident that by going to our Social Programme regularly, you will make friends, practise your English and see your confidence in English grow.
