## PROJECT OVERVIEW

St Johns Beaumont had a large area of unused space which they needed to put to good use. The existing area was a tired breakout space which they wanted to convert into a top-class washroom and shower area for students. Westcountry Group were once again the only supplier who could complete the specialist project in the tight time-scale required.

## ST JOHNS BEAUMONT SCHOOL

We produced the whole specification from the flooring to the lighting, incorporating individual storage for their toiletries, charging points for electric toothbrushes and a wet-room floor in the shower area to make cleaning and maintenance much easier. We think the results speak for themselves!
