

# Seating for all occasions...

## We've got it covered

Your table settings have been crafted to perfection – but is your venue still lacking the 'complete look', is your seating letting you down?

Mudfords classic covers transform drab stacking chairs into luxury seats. Choose from a selection of styles and designs to complement your design theme and exquisitely enhance the overall room effect.

We have examples of covers and finishing styles on the reverse of this leaflet, the choice is yours and our bespoke design service is only limited by your imagination.
