Letters to the editor

why you are Doomed.

Oh how i do love to tell you, I told you so !, Let me count the ways. While you were all so pleased at the "fall of communism", your new laptop, the Dali Lama spiritual beauty, the dinosaurs were working on new projects, AIDs, mind control, olestra, the e-police state, endless war with rest of the planet. While you were breeding, shopping for volvos, watching fucking-Seinfeld for god-sake, insisting "it really is pretty funny" congratulating yourselves on the shitty little crumbs that the liberal corporate masters were giving you middle class lackeys, the factories were being shut and prisons built in their place. While you licked the suede jack boot of the NEA, and whined about censorship of your self-indulgent, souless and craven "ART", the Constitution was being gutted and ignored, the legal services corporation defunded, CRACK sold in your city by the CIA ,You voted Clinton/Gore, not satisfied you voted GREEN, moved to suburbs got into real estate, you kept your spiky hair and your big city attitude, discuss semiotics\ nothing changed for the better under the meglo-maniac boomer yuppie scumbag Clinton/gore regime, human rights got a lotta lip service while millions slaved and rotted in prisons / factories, *make nice* with the KGB /gulag/China masters of communism II. *Make nice* with the Republican=Xtian kleptikrats, they might be IN someday. The cancer of illth spread, waste and greed chewing up the environment in the name of "growth" and "progress", a

hole opens in the ozone <yawns> the ice melts at the north pole <yawns> politicians count on your tiny attention span, who the fuck remembers, Enron, Florida, Global warming, the endless ClintonGate, whatever it was, Waco, Rubyridge, the Gulf war, n. bush and and the S/L rip-off, bush1, reaganomics, Irancontra, El Salvador, the October surprise, Nicaragua, Watergate, Vietnam, RFK, MLK, JFK, cointelpro, MKultra, the whips and dogs, black lists, mad, the cold war fraud, MCarthyism, the deportation of the japanese, atrocities against unionists and veterans, the palmer raids, robber baron capitalists, sweatshops, child labor, slavery, alien and sedition acts, taxation without representation, quartering troops in civilian homes and *other obscure irrelevant issues* not presented on Dave Letterman. Polls show real wages stagnate for the Real people, 10% own 80%. You will all remember 9 -11, because thats why it happened, so you would be afraid and ask daddy to protect you. You deserve this and it is going to get worse, You are in denial, You are doomed. You are all spineless pieces of shit, failed life forms, you never paid any attention to what was going on around you your whole lives, coddled, middleclass swine. Now the front line in the endless war is New York, you have lost your Dotcom job, you were a sucker, bought a condo in Jersey City. 401k gone. Soon you ll be on the breadline with waiters and cleaning lady's and the enemy controls your government, *it is your government* and you very may well have lost your last chance to save yourselves from the dark side of your American

Dream. Do you think a criminal gang that has resorted to fraud, bribery and intimidation to seize power, then started a war to distract the idiot population with **patriotic rubbish** <he spent 1/2 an hour reading to little children about a goat> will allow itself to be peacefully removed by election? Oh well, take your Prozac, watch sports, drink lite beer, **go fuck yourselves you fucking assholes,** you're all going to hell anyway, if you're not there already, its too late, game over.

Peace and love,
Tom PainIntheAss, A.K.A. Dr.George O' Mara

Dear Mr. PainIntheAss,
As the Editor i can not condone this crazy, dangerous, unamerican rhetoric, you better watch yourself while your grinding your AX soo loud because you wont hear it coming, there's a seat on the train for the FEMA camp with your dirty yellow name on it.

Sincerely,
Mr. KowTow

your deaths will be televised.

I remember seeing the puzzle pieces of middle America being drawn and re-drawn in WHITEboard marker, and some sorority bitch with too much eye makeup telling me that George dubbya Bush had won. The next cycle of news that unfurled was the elastic collapse of the World Trade Center and Ashleigh Banfield dyeing her hair black and going to Afghanistan, and that there was so much more press about us and her hair dye than there probably was on any third-worlð citizen who died of starvation or suffered at the hands of postcolonial occupation forces.

Dreams and nightmares of SUVs driving down the street during midtown rush hour traffic. I know how much I am bothered by their jingoism, are they getting ready to gun me down because I'm not wearing a flag on my bumper or lapel?

Thought about H. Rap Brown's This is Madness This is Madness, how true this song is, how prophetic it was thirty years ago, and now jamil al-amin is waiting on his death sentence because they still haven't fulfilled COINTELPRO's paranoid fascist fantasy. Walking into a Walmart to see a toy with Microsoft software programmed into it. living in a culture that cares more about expressing itself as consumers, as bumper-sticker slogans, as beer-addled psycho fans. More than in engaging in a true dialogue of words, motion, sound or image.

The revolution will not be televised, but our own deaths will be. Watching the twin towers fall was just the beginning of our own structures caving in on us. \$8,000 of our tax money is spent to cover the bare breasts of Justice, in red velveteen. Guess the milk's dried up & they just don't want us to see it. Hope that when I got knocked up by an asshole & had an abortion that the fetus scrapings weren't used to keep Ronald Reagan's brain alive so that he can dribble into his incontinence pants one more time to make a boom-boom for Mommy Nancy.

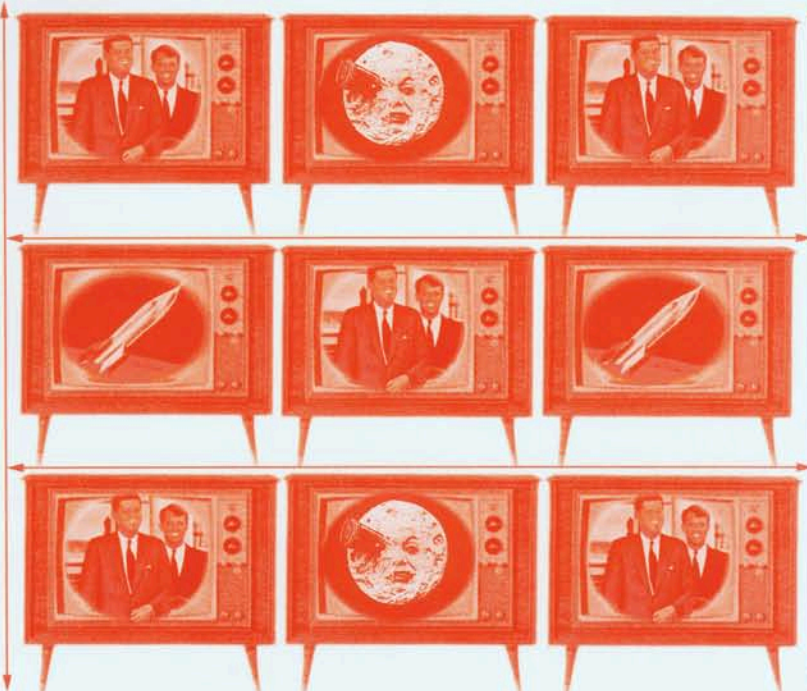

Now I spend my time imagining what things will look like when all of the mom & pop stores, independent retailers and contemplated architecture gets squeezed out of our downtown areas. Will we all get cheap rent in the abandoned Wal-Marts and Winn-Dixie's? Will the land be levelled from sea to shining sea? Are we going to live in army fatigues, duct tape and pussy stank in a beyond thunderdome netherworld, or, as a friend said recently, is it all going to be more banal than that? *What do you pussies have to say for this shit?*

Chlamydia Lunch.

Dear Miss Chlamydia,
I would expect that kinda dibble, coming from a Feminist - Bitch, baby killer like you. I suggest you get rite with God and find yourself a good promise keeper to put you in your place.

Sincerely,
Mr. KowTow
