

"They will once again
see the difference
between him who serves
the Lord and him
who does not."

(MALACHI 3:18)

ENERGIZING REFORMATION AT WORK

THE ICCA VISION AND STRATEGIC PLAN 2020 AND BEYOND

ICCC FOUNDING PROPHECY...

PROPHECY GIVEN TO J. GUNNAR OLSON
BY TELEPHONE ON SUNDAY 21 JULY 1995
PRIOR TO ICCF FOUNDING MEETING
(TRANSLATED FROM SWEDISH)

This is the time when this new thing shall be done. It is a plantation which is clean and pure. I see great trees and many smaller trees and bushes. The big trees will protect the plantation when the storm is breaking loose. This is a shelter for many people. No one will be able to touch what I am now doing. The enemies will try to destroy, but I will hit them on their fingers. They will not succeed. Here is neither high nor low... only Jesus. The Lord will use these for many remarkable miracles. The trees and the bushes are full of fruit and berries containing great power.

When people see what I am doing, they will envy you, but they shall not be able to enter in. The Lord is showing the Kingdom which cannot be shaken. He will send it down to all those who believe that the Lord is faithful and real, already here. It shall not be taken away from the Lord's people and will remain when Jesus comes. It shall not be capable of being shaken here on earth.

Many who think they have much to offer will become very small when they come, because what they bring cannot last.

There are many things to be shown, many things to be experienced.

Do not let what I am doing rock you out of balance. I will do unusual things. Just remain calm and in peace. All the

answers come from Me. You can trust Me completely. Do not trust in flesh and blood. Yield yourselves to Me and lean on Me.

Irritations will arise, but remain in peace. They have not heard and understood the Holy Spirit. I will protect you in spirit, soul and body, and put My wall of fire around you. You will grow in the Spirit in a new way. The Lord will give you new gifts. You will be able to communicate with your dear ones in the Spirit, and they will understand completely. The Lord will speak.

You will be bestowed with a wisdom that will astonish many. You will see My power in such a way that you only can be at rest. You will be like a child who only is... not leaning on your own understanding. Remain in the purity of heart, the faithfulness, the rest... lest you lose your orientation. You are My servant, and you shall feel that you are completely free, completely happy and fulfilled... dressed in My glory as when I polish My jewel. The Lord will use you specially.

Keep your eyes on the Kingdom that cannot shake... that begins here – that the Lord sends to all those who hold Him for faithful. It begins already here and shall not be taken away from you.

The golden chain that is about to be closed with the last link tells that all is finished. When that last link is put into its place all has been fulfilled.

This will all come to pass when My servant has gone to be with the Lord.

ENERGIZING REFORMATION AT WORK

ICCC - International Christian Chamber of Commerce - began more than 30 years ago as **a dream of a worldwide people who know God and whose working lives are increasingly being an outward manifestation of an inward walk of faith.**

A people who has been released into a new dimension of freedom and joy in their professional life, and are a blessing to the world by seeking God's YES for the big issues and challenges in our time!

Today we are living in a very special time! Economical, political, social, spiritual conflicts are rising up every day. The level of competition and uncertainty in the world have maybe not been as strong as today before?

Therefore the most important personal and collective asset is the ability to be lead by the Holy Spirit in everything we do and this is not just a turbo effect! It is a necessity for being fruitful in life, especially if we want to see **reformation and a new theology of work!**

God has called us to be part of the solution for this time!

For this reason we need to live in liberty! Be free and able to serve the Lord as the number one priority in

all areas of life. We need to make a real EXODUS and to be released from slavery into liberty! When God's **people** crossed over the Jordan River into the land of milk and honey, they experienced a release into freedom and rest and a higher dimension of faith. At the same time they experienced the need to be effective as an **army** and win the 39 battles ahead, to possess and cultivate the land and eat of its fruit.

(DEUT 11:11-2, JOSHUA 5:12)

Remember that it is one thing to get out of Egypt, but it is another to get the Egypt thinking out of us... This means being matured by God and say no to the flesh and living in and by His Spirit!

Take your time to reflect and consider what it means for you to receive God's vision for your life, family and work and experience God's leading through some valley experiences, coming to the end of yourself, and let Him take over and live His life through you.

(GAL 2:20)

Based upon increase of maturity, He will lead you to different mountain tops and allow you to see what He sees and to let you be the head not the tail in the area of your calling.

Life is a journey and it is about a walk of faith, understanding and loving God, and in His power serving those around us – individuals, companies, cities, and nations that need help from the Lord. ICCC is a small organisation, but the calling and mandate we are carrying is big and will become a tremendous blessing to the wider body of Christ if we find relevant ways to serve local churches and prayer groups at different workplaces.

We strongly believe that the time has come for a new REFORMATION! This is being energized and it will restore hope for the future if we are motivated by love in everything we do!

You are welcome and invited to “jump on” a journey with the Lord, a practical prophetic process resulting in transformation, reformation and a new theology of work!

ICCC International Board

October 2016

Let us all be yearning to understand more of how to apply God's word, His Yes and His ways to different sectors, industries and issues.

If that happens, we will gain a clearer prophetic understanding of our times, including God's agenda and how we can be aligned with His purposes.

02

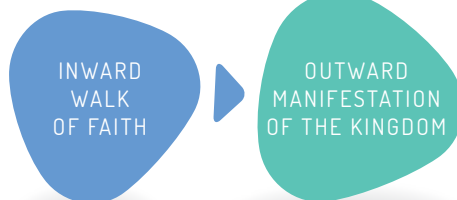

VISION – we dream of

“A worldwide people who, in their business and working lives, are experiencing the reality of goals, strategies, and plans becoming an outward manifestation of an inward walk of faith, leading to a glorious release of the Kingdom of God.”

The pressures on people in business and in the working life are increasing daily. Rapid and disruptive change, coupled with greed, fear and corruption is causing instability, turmoil, and chaos. Professional excellence and integrity are both essential, however these alone are not enough to ensure survival, never mind success in the increasing global storms we are facing, and this is just the beginning... We need to be led by the Holy Spirit – catch the wind for the next season and implement our individual and corporate calling in the area of business and working life – Possessing the Land, eating its fruit and being ready to fight the good fight, through the Spirit by faith!

The ICCC calls for a growing, worldwide body of believers to be raised up in the business and working life – men and women, young and old, who have died to self and are living in a new dimension of resurrection life, leading fruitful, Holy Spirit-led working lives and businesses, serving society and one another, and experiencing a manifestation of the Kingdom of God

At the heart of the Vision of ICCC is God's desire to extend His loving rule and care, through His church, into the workplaces and businesses of the world. This requires a people who will seek first His Kingdom and His righteousness, and then experience the reality of goals, strategies, and plans becoming an outward manifestation of an inward walk of faith...

“Write down the vision; write it clearly on clay tablets, so whoever reads it can run to tell others”
HABAKKUK 2:2

This is a faith that in the market place seeks to know God, to hear His voice, to listen for His counsel, and to obey His instructions. It is motivated by love, characterised by rest, and results in the transformation of individuals, businesses, communities and nations.

ICCC sounds an urgent call to those with eyes to see and ears to hear the call of the times, to cease striving and learn to rely fully on the Lord, as the key to blessing and in order to rise victoriously above the encroaching tide. There is only one way to get access to the Kingdom of God:

1. INTIMACY WITH THE LORD
2. PURITY IN LIFE
3. UNITY AND FELLOWSHIP IN THE LIGHT IN THE BODY OF CHRIST
4. STANDING IN THE GAP FOR ISRAEL AND THE JEWS
5. BY FAITH EXPECTING THE POWER FROM THE LORD

At the time of Christ's triumphant entry into Jerusalem, Jesus commanded two of his disciples to go ahead of Him into the village where they would find a donkey and her foal tied to a stake. He instructed them: "release them and bring them to me. The Lord has need of them." **(MATT 21:2-3).**

ICCC Founder, J Gunnar Olson, likens the business or working life to that of a donkey, a traditional beast of burden. The stake symbolizes bondage and lack of freedom, resulting from the curse of sin. Work came under that curse when man fell into sin in the Garden of Eden and was forced to work by the sweat of his brow. But, praise God, Christ has redeemed us totally

from the curse through the cross. He has set us free! And in the same way that the Lord sent word to those looking after a donkey in Jerusalem, so He is speaking a word through ICCC to the Christian business world and working life today "release the donkey, (your calling) the Lord has need of it!"

The world and the Church are waiting on a new freedom. People working in rest and manifesting the character and power of God in daily life under the leading of the Holy Spirit will create a transformed working life, resulting in a coming reformation and a new theology of work.

And it also gives us clear explanation of our time. In the end time, the battlefield will be in the area of business and working life. This means a reformation starting at work!

The glorious truth is "that God was in Christ reconciling the whole world to Himself" **(2 COR. 5:19)**. Gunnar says: "The demand of the Kingdom of God is that everything is to be initiated by God. Our calling is therefore to live and work through the Spirit, by faith in God. This requires a renewed mind, understanding God's purposes, and the ability to hear what God is saying. As we act in obedience to God's word, empowered by the Holy Spirit, our acts become an outward manifestation of

an inward walk of faith. A testimony to the world, and the principalities and powers, that Jesus Christ is Lord of all.”

Faith in God is thus the essence for our life and our professional calling. Success is not only measured in economic terms but in the manifest presence of God.

The prophecy given to J.Gunnar Olson (see page 1) on the night before ICCC was born, included reference to “great trees and many smaller trees and bushes... full of fruit and berries containing great power” A great tree speaks to us of someone who is rooted and grounded in the love of Christ, who hears and obeys the voice of God, and experiences His supernatural power in their area of calling and service. The fruit produced by each tree will be different. For some it will mean a successful business, employing people and releasing finances. For others, a strategic position of influence in society, or perhaps a life overflowing with prayerful wisdom and insight. With this good fruit, a great tree will make a difference in the world. We have already seen the first examples of these “great trees” coming forth. Now is the time for many more to be raised up!

Our calling therefore, as a “people under God”, is disqualified unless what is being manifest comes from God, is perceived in the Spirit, and acted upon by faith in God. He makes a claim on the market place, just as He made a claim on the whole creation through the call of Abraham, leading to the redemption of Christ. It is all about God. It’s not about us, or our work, or our ministry. It’s all about His manifest presence here in time and space.

This means that ICCC must be **vision and message** driven rather than project and action driven. We must “Go from doing His will, into a position of **being, living** and manifesting **His will!**”

ICCC sounds an urgent call to those with eyes to see and ears to hear the call of the times, to cease striving and learn to rely fully on the Lord, as the key to blessing and in order to rise victoriously above the encroaching tide.

03 OUR PURPOSE – WHY WE ARE HERE

“Our purpose is to encourage and equip Christians to experience a release into a new dimension of Faith, Hope, Love, and Freedom in their business and working lives and to better understand our time...”

For individuals, businesses, cities, nations, and the Body of Christ at large, we are committed to”...

We will carry this out through...

Gatherings – such as local, national, regional and international conferences, TWL seminars and business development activities.

Relationships – serving Christ by serving each other, the body of Christ and nations, by standing in the gap in the marketplace.

The ICCC will, wherever possible, seek to serve and cooperate with local churches and prayer groups at companies and organizations. The new TWL material is one great tool for these activities. This will result in clear proclamations and visible manifestations of the Kingdom of God in our time...

What is Unique about ICCC?

The UNIQUE DIFFERENCE between ICCC and most of the other marketplace ministries is our focus on seeking to understand and demonstrate how to MERGE THIS WALK OF FAITH – which requires hearing and obeying – WITH A PROFESSIONAL AND ETHICAL APPROACH TO BUSINESS.

“To encourage and equip Christians to experience a release into a new dimension of faith, hope, love and freedom in their business and working lives”

ICCC KEY TEACHING ELEMENT:

WE NEED TO SEE AND UNDERSTAND WHAT IS IN:

GOD'S HEART

MY HEART

**THE HEART OF
THE WORLD**

...then combine God's and your heart regarding issues in your areas of responsibility

TRENDS, DRIVERS AND ISSUES

— IMPACTING THROUGH OUR CALLING

The scriptures tells us that the Sons of Issachar were able to interpret the times. Jesus tells us of the importance of understanding the times. So let us try to look the trends and megatrends, drivers and issues for our times.

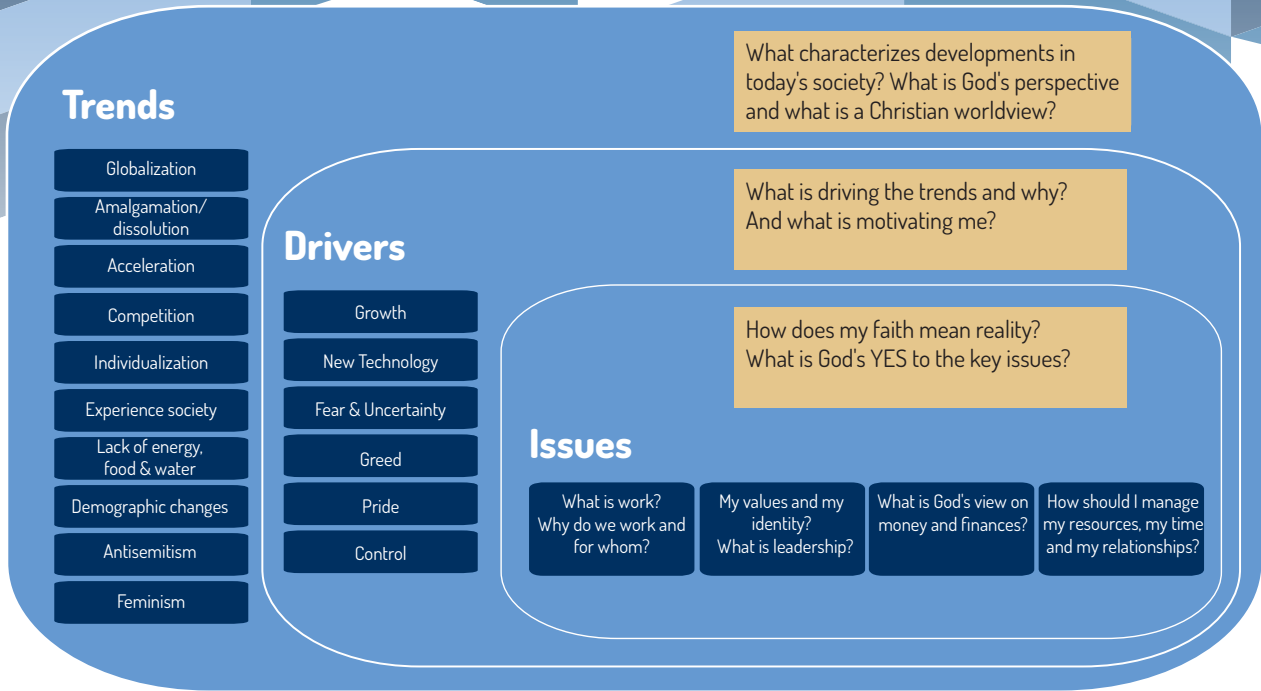

The speed of change in the world is **accelerating**, and at the same time, the world is getting more interdependent and complex. It is called globalization... Let's clearly say; everything is melting together in an uncontrolled way. Values are changing. What was wrong yesterday is right today, because the political majority has changed, but the Lord has not changed! We see new systems and policies in different industries, not least melting together, and a new global configuration is in the making. What does it mean for us in ICCG? How do we stand in the GAP for the business- and workplace community?

"Who is responsible?" is a frequently asked question. The fact is that **we are ALL responsible!** If we have heard something, or understand the situation, we must realize that we **have become pregnant with His solutions, and the world is waiting...** Jesus is the answer!

Yes, He is, but what are the issues and questions of today's global agenda?

One thing is clear - the future will be different! We are living in a very biblical time... Things will be shaken! When this happens, understand that the relationships between Christians and Jews will change and new patterns of collaboration will emerge when both parties will experience a new rough and tricky season, but we need to remember: The Kingdom of God will last forever!

God's Yes to business and the working life is quite clear! Jesus said "do business, until I come." Then He evaluated and gave incentives based upon the results. So let's not hide our light, or our resources, but use them under the leading of the Holy Spirit and multiply, create Kingdom value, walk in truth and life and set

people free! Pray for new Daniels and Josephs to arise in the system of the world today. We have to live in the world, but not be of it!

If we understand the trends (the outside) without being driven by fear, **(Jos. 1:9)** we will be led by the Lord (from our inside) through freedom, peace and joy! Below are four key areas that are constantly in focus in today's working life, with strong links to the trends and drivers.

So let's have our focus on how to amalgamate and cooperate with the Lord and His Kingdom and seek it **FIRST** – then the rest will follow!

Finally, we need to understand that the biggest threat is to be amalgamated with the world and thus separated from the Lord. Instead, we need to be separated from the world, to live in it but not be of it. Obedience in the calling is not about works only, but obedience that comes out of a place and posture of hearing, and intimacy **(Matt. 7:21-23)** first, then taking action!

STRATEGIC FOCUS

– LIVING IT OUT

If we are to see a new reformation at work and manifesting our calling, it takes action through “fellowship”, working together in unity, “sharing” as an engaged and involved people – “participating” by living it out from a place of rest and asking: how can I serve – contribute, instead of how can I be served.

- **New focus on TWL 2.0 – from serving members to serving the body of Christ at large** – Churches and prayer groups at companies and organizations, in every nation and city..
- **God’s YES to the future of industries and issues – from “own-sourcing to in-sourcing”** regarding spiritual knowledge linked to organizations who carry a specific calling for specific areas in the business and working life. We need to find the right strategic collaboration partners.
- **From business to working life** – including private, public, not for profit and all other sectors and interfaces...
- **From men to men and women** – Both are called of God to work together and rest with Him. With the direction of serving increasingly as a couple
- **From a national centralized approach (in one spot) to local decentralized** to many hubs/cities that the Lord is pointing at in our different countries.
- **From older generations to all generations – 3G** – Working hand in hand with our fast growing group of Young Professionals (25-35 years)
- **From standing in the Gap for Israel only** – to clearly include standing in the GAP for Your own NATION – finding Gods redemptive purpose
- **From domain structure to geographies.** International regions and sub-regions clusters with a clear leadership

To hold on to this strategic focus we need to apply the following points, in our walk together with the Lord;

- A deeper understanding of our vision and calling for our time.
- Servant leadership and good governance
- Prayer and worship is the key activity in all we do.
- Interactive Communication internally - myICCC - and externally.
- Develop new Strategic Partnerships (ie. ICEJ, ECI, FBS, EES etc.).

STEWARDSHIP

How do we find God's ways to be wise stewards of all He has entrusted us? (Money, time, knowledge, relationships...)

LEADERSHIP

How do we foster servant leadership in all we do, so Jesus' character can be visible to the people in the world today?

WORK

How can we work from rest, by faith, guided by Him, instead of striving in our own strength and relying on our own wisdom?

ECONOMY

How do we do business His way, not my way? How do we live by faith and apply giving and receiving from Him? How do we find His overflow, not our shortage, when it comes to resources?

GOD'S PEOPLE

— a DIFFERENT PEOPLE...

GENEROUS
- not greedy

HUMBLE
- not prideful

AT PEACE
- not in fear

SERVING
- not controlling

HEARING
- not only speaking

WORKING FROM REST
- not striving

08

GOD'S YES TO INDUSTRIES, SECTORS AND ISSUES

We believe that it is pivotal for the calling of ICCC to better understand our time, based upon the Word of God in order to be able to assess today's trends and drivers and the impact on:

- Society at large including the global political and economic agenda
- The body of Christ
- Israel and the Jewish people

In the last years we have started this process and we feel the urgency to move on in this space. If not, there is a big risk of losing professional and prophetic relevance to the world and to the church at large. The exercise can be labeled as prophetic societal analysis.

The methodology of the process is based upon the steps below, with the ultimate purpose to understand our time and to **FIND GOD'S YES** from His Word and through revelation.

TWL - TRANSFORMED WORKING LIFE 2.0

The time has come to take the next step regarding our teaching program “Transformed Working Life”. It is about making this teaching accessible to the body of Christ at large, which means Churches, Christian groups within companies and organisations and prayer groups. This is fully in line with our focus of serving the body of Christ and not only members.

With material in 4 different modules, with 10 foundational lessons built with over 30 years seeking to understand the Kingdom of God in the working life we want to serve all of the people of God. You can see several of the titles below. A lot of the old TWL teaching is still very relevant and will be used, developed and integrated into the new material.

ICCC KEY TEACHING ELEMENT:

ACQUIRING THE KINGDOM

ACTIONS EXPECTED IN YOUR NATION

REGULAR GATHERINGS AND MEETINGS

On a national, regional/local and international level – interpreting our times and sharing what God has laid on our hearts prophetically and professionally – but also building relationships, with a clear focus on proclaiming the walk of faith in the business and working life.

Moving from one spot or place to many places and cities in your nation. and growing with a city/national regional strategy will remove the limitations of distance and travel. A breakfast meeting every 6th week on a Friday or Saturday, or a after work get together meeting?

We need a national conference in every nation – or working together with some neighbouring countries. We need an IGM and a nomination or election committee preparing for the national IGM.

When we know what to do
– let us do it by His strength!

Not by might, not by power, but by His Spirit!

GET STARTED ON GODS YES TO THE FUTURE OF INDUSTRIES, SECTORS AND ISSUES

We clearly need to start to move in this direction in all our countries. In some areas we have started, some are up and flying, not many countries are involved. We need to start leverage this process. Why – to not be taken by surprise when technology and values dramatically are being forced to change over night. This will be a political decision without explanation. TIME IS SHORT! Areas we have started are: Education, Energy, Sustainability, Leadership and HR. We are taking steps in the area of social and family and wellbeing/health care. It is important to start to collaborate with different organizations, such as Doctors for Christ, Christian school associations etc.

INTEGRATING YOUNG PROFES- SIONALS (YP)

We need better integration with the next generation in everything we do. Find new ways for better mentoring (Fathering and Mothering) the YP target group, and building solid relationships, giving and receiving.

● **SERVE THE BODY OF CHRIST**
- EQUIPPING AND TRAINING
- TWL 2.0

The International board thinks the time has come to start to freely share the resources we have been given. We need an outward focus beyond our members and understand how to serve the body of Christ and the marketplace in general. The NEW TWL 2.0 material is a real effective tool for this expanded service to the body of Christ understanding the kingdom of God! IT IS ABOUT GIVING local churches the message of walking by faith at work and the possibility of serving the Lord full-time in your working life, helping others to see their work as an act of service and worship.

● **SUPPORT MEMBER - BUSINESS DEVELOPMENT**

Find ways to activate this in a relevant way in your country.

● **FACILITATING CONNECTIONS**

Serving cities and nations with no agenda of personal benefit, demonstrating integrity and faith.

● **SERVE THE BODY OF CHRIST**

in local churches with the message of walking by faith at work and the possibility of serving the Lord full-time in your working life, helping others to see their work as an act of service and worship, walking in the light and sharing the truth about our calling.

● **BETTER EFFECTIVENESS**

In communication and governance process – through the integration of myICCC and the ICCC App, as services for the nations, we will use these tools and other media as a means of prompt communication – enabling increased effectiveness and member-to-member and business-to-business contact as well as for international and inter-national administration, communication and equipping.
