

Keyflow® Key-Plus™

Steam Extruded Stabilised Rice Bran Concentrate

Keyflow
Redefining Equine Nutrition

Perfect for:

- Hard keepers / poor doers
- Horses that require condition and topline without heat
- Yearling preparation
- Horses prone to gastric ulcers
- Horses with gluten / feeding intolerances

Key Points:

- Easily add to the existing feed ration
- Allows you to 'top-up' your horse or pony's condition, topline, or energy as required
- Feeding stabilised rice bran builds quality muscle mass
- Fully steam extruded and gluten free formulation minimises digestive disturbances
- Highly digestible form of cool calories for energy that doesn't effect temperament
- Feeding rates start from as little as 250g per day
- Build and maintain superior topline and condition

Fully Steam Extruded

Stabilised Rice Bran

Gluten Free

Low Sugar

Low Starch

Product Summary

Keyflow® Key-Plus™ is a concentrated feed additive for horses and ponies. Key-Plus achieves this by using the leading feed technology, wet steam extrusion, to greatly increase digestibility and nutrient absorption to over 90% in the small intestine. Combined with the high oil content this makes Key-Plus a highly effective conditioner and cool on-demand calorie source. Key-Plus contains added organic selenium, vitamin E and has a balanced calcium to phosphorous ratio.

Ingredients

Steam extruded stabilised rice bran concentrate, rice bran oil, mineral salts, and heat stable vitamins.

Daily Feeding Guide

	Bodyweight	
Keyflow® Key-Plus	250-350 Pony	400-600 Horse
Top Dress for extra calories or condition (Kg/Day)	0.25 - 0.75 kg	0.5 - 1.5 kg

Feed together with roughage (hay, chaff, chop, other forage or pasture). Where roughage is fed it should be offered at between 1 to 1.5% of bodyweight daily.

Fresh clean water must be made available at all times.

Daily feeding quantities above are a guide only
