PRECAST BULLETIN

ARMCON

CERTAINTY: IN CONCRETE

Personal Protective Equipment

You must provide your employees with this by law

Head – protection from falling or flying objects, risk of head bumping, hair entanglement

Breathing – prevent inhalation of cement dust and vapour

Eyes – protection from chemical splash, dust, projectiles, gas and vapour

Hands & Arms – protection from abrasion, temperature extremes, cuts and punctures, impact, chemical, electrical shock, skin infection, disease or contamination.

Be seen, be safe - high visibility clothing should be worn on site in all lighting conditions

Feet & Legs – protection from water, electrostatic build up, slipping, cuts and punctures, falling objects, metal and chemical splash, abrasion

TECH TIP

CONCRETE CAN BURN - always protect yourself when working with fresh concrete

Concrete burns
