

SPA Board Grade Calculator Application

Calculate the theoretical BCT of any O201 using the ECT values for the grade of board. Compare performance of differing board grades and specify the optimum. This programme will list the estimated BCT of the box and a Safety Factor for any board grade.

- Gauge performance by grade
- Optimise performance vs cost
- Enter the World of performance based packaging
- Accounts for 'environmental factors' eg. Moisture, stacking, chilled, frozen etc
- Fine tune your Application with 'actual' ECT data from your sheetfeeder
- Use as a valuable tool for Value Engineering projects

Cost: £0
