

SAB

INTERNATIONAL LTD.
SUPPLIERS OF PARK HOME &
HOLIDAY HOME ANCILLARIES

SAB International Limited is a leading supplier of Park Home and Holiday Home ancillaries in the UK. We specialise in wholesale supply of the 'Bosun' Collection to Manufacturers, Park Operators and Retailers. These products include Hitches (Couplings), Corner Steadies, Jockey Wheels, Axle Stands, Hitch Plates and many other products.

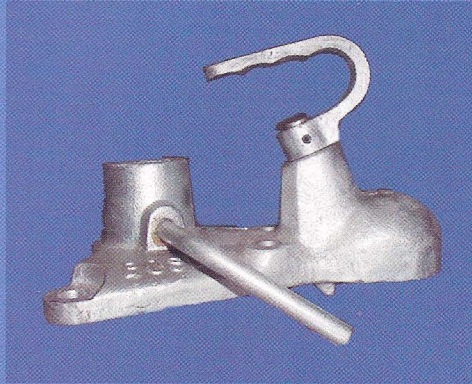

We control each facet of design and production which include machining and press-work, rotary furnace casting work, heat treatment (annealing, normalising, hardening), galvanising (hot-dip), welding, painting and assembling. The manufacturing process is monitored with the use of chemical & physical laboratories and an inspection room to assure the guaranteed quality as per international standards. We have vast experience in manufacturing cast and machined components of intricate shapes for precision use.

With our continuous desire and determination to excel, we have a commitment to quality, product fit for purpose and customer satisfaction. We are fully committed to quality in every area of the business, and believe in obtaining customer satisfaction through quality and excellent customer service. We like to work closely with all our customers to build a healthy business relationship.
