Dear Graham

Having greatly enjoyed being involved with the Angling Academy for the last Year or so, and seeing the excellent results it can bring to the students.

It is with deep regret that due to on-going health problems. I am forced to tender my resignation as your chairman with immediate effect. As I near three score and ten I feel you would benefit from younger and fitter blood.

Yesterday it was apparent whilst I was with you that I was unable to both assist and communicate satisfactorily with the students and others as well as yourself.

Having seen the unbelievable results yourself and your volunteer's achieve with the students, whose great behaviour, concentration and life skills improve beyond measure. I wish you all a great future and high achievement in furthering your ideals and inspiration's.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Alick Potter', with a long horizontal line extending from the end of the signature.
