"A pupil has SEND where their learning difficulty calls for special educational provision, that is provision that is different from or additional to that normally available to pupils of the same age".

Making higher quality teaching available to the whole class is likely to mean that fewer pupils will require such support. Such improvements in whole-class provision tend to be more cost effective and sustainable."

(The Code of Practice 2014 6.12)

It is essential that pupils with SEND are identified as early as possible so appropriate provision, access and interventions can be implemented.

## Indicators for pupils with SEND:

## **SEND SUPPORT**

'Once a identified pupil as having Special Educational Needs an appropriate support plan will be put into place to achieve targeted outcomes. This process is called the Graduated Approach. It has four stages.

#### **Assess**

The SENDCO once notified will begin to collate all the information about the pupil from a variety of sources (teachers, pupil, parents/carers and outside agencies) to develop an accurate picture of need.

#### Plan

A support plan will be initiated to outline the methods to be used in order to achieve specific outcomes. The plan will include any or all of the following:

Quality First inclusive teaching approaches are identified to enhance the pupil's learning.

Focused in class support from a teaching assistant to facilitate pupil progress or enable curriculum access. Support should be directed by the teacher and ultimately aim to develop the pupil's independent learning.

Interventions that have been identified to achieve specific targets. These will be delivered and monitored.

Direct teaching, SEND support groups in years 8-11 supported study groups.

Resources to ensure full access to the curriculum.

Liaison with the parent/carer, pupil, staff and all other relevant agencies in the implementation of the individual's support plan.

When determining plans across the school, the Senior Management Team and the SENDCO will need to be mindful of effective and efficient use of school resources, including any additional funding from the Local Authority.

#### Do

Once accepted by all stakeholders the plan becomes a working document. It may be annotated to show progress towards outcomes and / or adjustments made to determine success. The SENDCO will manage all plans and arrange meetings for the review of outcomes.

#### **Review**

A timescale will be attached to the plan so that everyone involved appreciates when outcomes should be reviewed. A review should take place within this timescale in which interventions can be evaluated, along with the views of the pupil and the parents/carers. An amended plan can then be devised, if required, to enable the pupil to achieve their next steps in learning. It may be decided that the pupil has made enough progress to cease the plan, and be removed from the SEND Register.

If a pupil has an Education, Health Care Plan the Local Authority will be responsible for a review of the plan every twelve months.

All pupils with Special Educational Needs are included in mainstream classes. In –class support by SEND Teaching Assistants and withdrawal for small group / individual teaching is used when appropriate. Some pupils will also be provided with a personalised curriculum to accommodate specific learning/or medical needs.

All documentation and records are maintained by the SENDCo and are confidential to the parents/carers and to those members of staff associated with the child concerned.

#### SUPPORTING PUPILS WITH MEDICAL CONDITIONS

Greenbank High School ensures that all pupils with medical conditions, in terms of both physical and mental health, are properly supported in school so they can play a full and active role in school life, remain healthy and achieve their academic potential. For further details please refer to the 'Supporting Students with Medical Conditions at School and Medicines policy'.

Some of those pupils may also have Special Educational Needs or Education, Health and Care plan which bring together Health and Social Care needs, as well as their educational provision. In these cases, the SEND Code of Practice (2014) is followed.

## **ALLOCATION OF RESOURCES FOR PUPILS WITH SEND**

All pupils with SEND are funded from the school's budget. For those pupils with the most complex needs, additional funding (High Needs Funding) is retained by the Local Authority. This is accessed by the SENDCO, in liaison with a SENIS Inclusion Consultant, submitting an individual application to an authority panel who will determine whether the level and complexity of need meets the threshold for this funding.

#### **EXAMINATIONS**

The Examinations Officer liaises with the SENDCO to ensure that all pupils receive the appropriate support for both internal and external examinations. Please refer to the Exams Disability Policy and Exams Access Arrangements Policy.
