

## MetaTrader4 Quick Guide

You can access your accounts via MetaTrader4 platform available in downloads section: <u>https://simplefx.com/downloads/</u>. If you registered traditionally with your email address, your MetaTrader4 password will be the same as on the website. If you registered through G+, Facebook or VK, you should receive an email with login credentials.

After successful installation, the MT4 program will launch and prompt the user to open an account. Cancel this process and choose **File**->Login to Trade Account.

## PLATFORM OVERVIEW

MT4 is divided to five areas:

- 1. **Market Watch** here you can check all available instruments, their prices, specification and open charts
- 2. Navigator Here you can see your accounts and manage technical indicators
- 3. Charts
- 4. **Terminal** here you can see your open, pending and closed trades and check your account balance, profit/loss and available margin
- 5. **Toolbars** here you can choose time interval of your charts, switch between candlestick or line chart and also find drawing tools to use on your charts

Right-click into the middle of the **Market Watch** window and select **Show all** in the menu. Now all available instruments will be displayed.

TRADE

Once a trader is ready to enter an order into the market, the **Order** window will have to be opened. This can be accomplished in three ways:

- 1. Right-clicking on a currency pair in the Market Watch window and selecting New Trade
- 2. Right-clicking on an active chart and selecting Trade->New Order
- 3. Clicking on the New Order button in the toolbar

In **New Order** window you can set parameters of the trade: instrument, size and stop loss/take profit levels.
