Intelligent Medical Software (IMS) for
PAIN MANAGEMENT

Say goodbye to the days of paper charting & get long-lasting relief from the pain in your clinic's processes with our **Pain Management EHR/PM Solution.**

Let us handle your busy work while you focus on things that matter: **your practice, your patients.**

Our EHR system features a protocol-based care mechanism that automates your clinical processes—pre-visit, visit, and ongoing health maintenance tasks. With IMS Pain Management, you gain access to tools that help you make better decisions.

Your Billing Tasks – Simplified with these Solutions:

Worker's Compensation (WC)

Our WC solutions support worker's compensation claims for cases, like when an employer has an insurance that pays for the WC claims, and more!

Optum Property and Casualty Clearing House (OPCC)

Send electronics claims for worker's compensation bills and manage your automobile injury liability medical care electronic bills with OPCC.

We have the technology you need to practice better medicine your patients deserve!
