Just as a flower gives out its fragrance to whomsoever approaches it, so love from within us radiates towards everybody.

जैसे फूल की सुगन्ध पाने के लिये उसके निकट जाना पड़ता है, वैसे ही हमें भी अपने भीतर के प्रेम रूपी किरण को सभी पर बिखेरना चाहिए।

Do keep in touch, the KIRAN-children need your encouragement !

The KIRAN-Family

KIRAN, literally means 'ray of light', is a Centre for differently-abled children and youngsters. Founded in September 1990 by a small group of people from various social, cultural and religious background, it has continued its work based on the idea of togetherness, enriching everyone's talents and abilities. In 1998 KIRAN Centre shifted from the city Varanasi to Madhopur, a village near to the famous Shooltankeshwar Temple, located about 12 kms south to B.H.U. (Benaras Hindu University). Today KIRAN Centre functions as a small village where children and youngsters with different abilities receive education, skill & vocational training as well as physical rehabilitation. KIRAN Centre is also carrying out the Community Based Rehabilitation services in 40 villages of Mirzapur District and Out-reach services in 7 districts surrounded to Varanasi, where we give counseling, assessment, medication and therapeutic services at a great extent to the needy ones at their door step. We are also in touch with them for their follow-ups. Most of the children and youngsters with whom we are working are having consequences of polio, cerebral palsy, rickets or hearing impairments. Unfortunately, many such children suffer the fate of being hidden and kept at their homes and getting no access to education or rehabilitation. In such cases KIRAN offers chances and possibilities in various ways. At KIRAN we believe that 'family involvement' is an essential part of the recovery process. We remain in constant touch with the children's and youngster's families, discussing medical conditions, educational issues, as well as providing them counselling and support.
