

STRATEGIC CORPORATE PARTNER PROGRAM

Society for Clinical Data Management
DATA DRIVEN

ABOUT

The Society for Clinical Data Management (SCDM) is a non-profit, international organization of **over 2,400** members founded to advance the discipline of clinical data management. SCDM members are charged with promoting quality and excellence in data management and are dedicated to the development, support and advancement of clinical data management professionals.

SCDM is organized exclusively for educational purposes and seeks to engage with companies and organizations that can assist in furthering its mission. Through collaborations and partnerships with other professional organizations, SCDM creates a network of professionals driving the industry forward on multiple fronts: technological, regulatory, procedural and personnel. Educational offerings, available both in-person and on-line, seek to provide the fundamental training for clinical data management skills.

MEMBERSHIP DEMOGRAPHICS

SCDM membership has grown at an average rate of 15 percent per year since 2003 and stood at the end of 2019 at more than **2,400**. It represents mainly members in the United States (57%), India (19%), China (2%), United Kingdom (3%), Canada (3%).
