“Riverside Business Centre is a clear winner in meeting our business needs. It provides helpful and friendly staff, the office is well located, and small companies get a big company feel. With ‘easy in, easy out’ contracts, with a notice period of one month, there are no contractual ties to worry about. Another plus is the reasonable cost of rent; it includes lighting and heating, which is vital to a small business. In summary, it was the obvious and easy decision for our company to make. We have been here for two years and are very happy with our decision, and have no plans to change it.”

ACCESS

“The image Riverside Business Centre gives our clients and staff is really professional. Being located here really helps with the day-to-day running of the business. We don't have the responsibilities of the building repairs and maintenance, therefore we can put more time into the running of the company.”

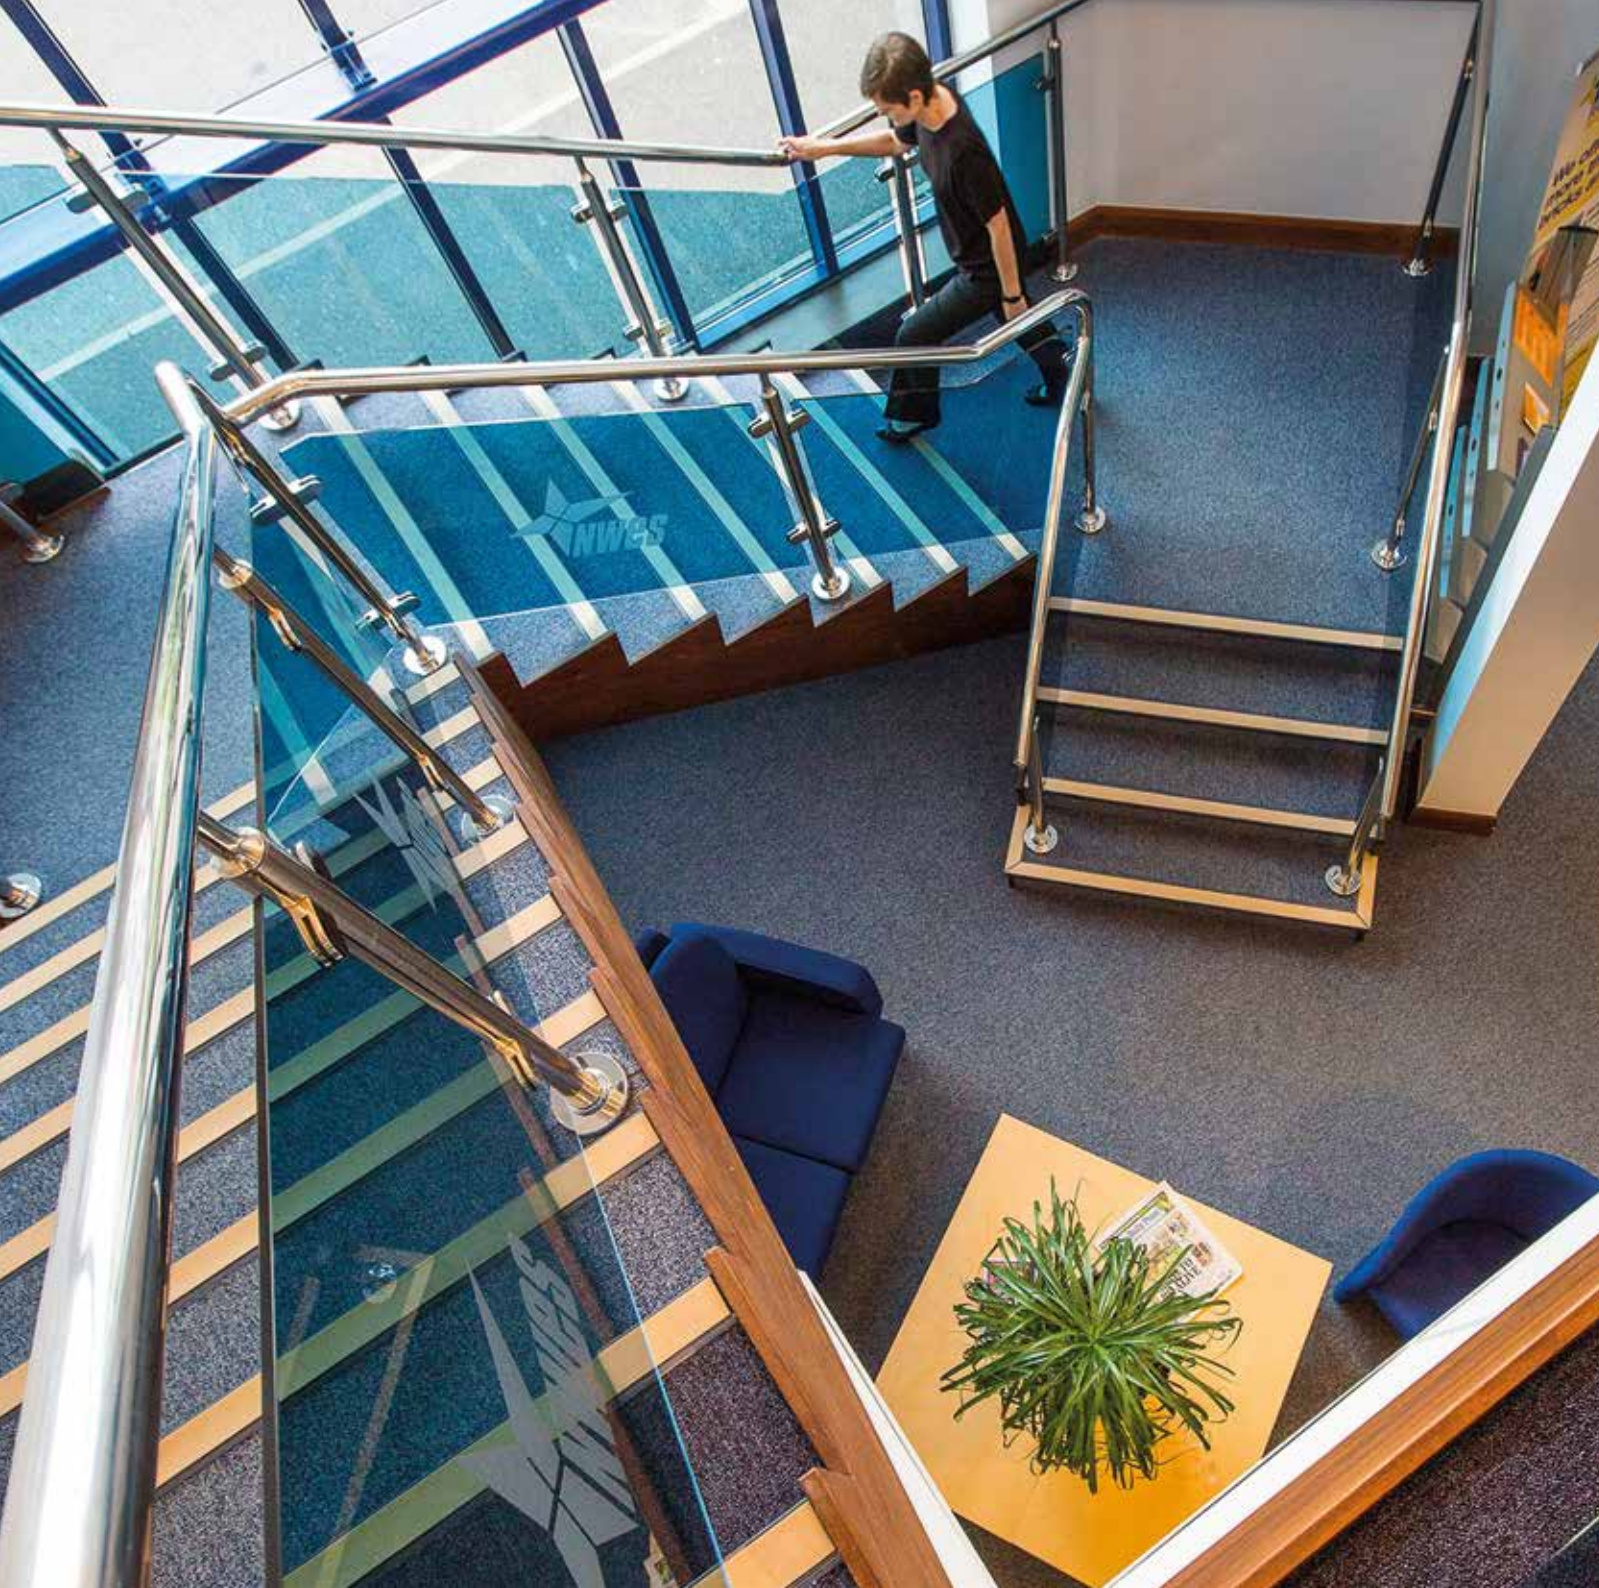

■ **Kathryn Haynes, Mary Moppins Limited**

“The ability to network with other local businesses should never be underestimated. Riverside Business Centre allows small business professionals to connect with each other on a daily basis and through organised networking events.”
