THE SOCIETY FOR CLINICAL DATA MANAGEMENT

OUR MISSION

The Society for Clinical Data Management is a non-profit, international organization of 2,000+ members worldwide founded to advance the discipline of clinical data management.

SCDM is organized exclusively for educational and scientific purposes, which reflects in all of SCDM's services, including the certified Clinical Data Manager© program, online education offerings and publications. Engaged in collaborations and partnerships with other professional organizations, The Society for Clinical Data Management creates a network of professionals driving the industry forward on multiple fronts: technological, regulatory, procedural and personnel.

SCDM strives to become the world's leading advocate for the discipline of clinical data management.

CORE VALUES

Knowledge and Experience of our Members

The intellectual capital and collective experience of our members are our greatest assets. We rely on and embrace the participation and contributions of our members and volunteers.

Scholarship

We encourage and promote rigor and discipline in the research of topics affecting our industry. Our positions, publications and programs will be the result of scholarly investigation.

Quality and Continuous Improvement

We are committed to the development and enhancement of products, services and relationships of the highest quality.

Open Communication

We encourage open communication and information sharing. We provide our members with insight to the organization's initiatives and activities.

Integrity

We exemplify and expect honesty and integrity.

2019 EMEA Conference

THE CONFERENCE

Following three highly successful European Leadership Forums, SCDM is pleased to announce the 2019 SCDM EMEA Conference which will take place on 23-25 October 2019. The event is kindly hosted by Bayer in Berlin, Germany.

The theme of the meeting will be *'Evolving Clinical Data Management'* and is targeted towards professionals and leaders from CROs, pharmas, regulators and academia.

Wednesday 23 October:

The event will start on Wednesday, 23 October at lunchtime with the EMEA leadership forum. The part of this events is reserved for decision makers of such as senior data manager, vice presidents, associate directors or operations directors, and will bring 50-100 attendees.

Thursday 24 and Friday 25 October:

Over the Thursday 24 and Friday 25 October, the conference will be opened to a broader audience from the clinical data eco-system. There will be 4 four sessions on the Thursday:

- Emphasis on operations & present
- New regulations
- Application of AI & ML
- Emerging technologies: Between hype and hope

After an intensive day of discussions, attendees will be invited to join the **Networking Reception**, which will offer a unique opportunity to connect with pairs and exchange views on the day's topics, while enjoying fine dining in a relaxed atmosphere.

On Friday 25 October, there will 2 panel discussions and three sessions on:

- Evolution of the role of data manager
- The future of CDM: where are we heading?
- Other perspectives on clinical data management
