

moonlight II

of London

**Spacious
High Performance**

SY MOONLIGHT II of London is a 100' sloop designed by the renowned New York based Sparkman & Stephens naval architects and built at the CIM Shipyard in Rochefort, France. Refitted over the last few years, hence the vessel's new sails, generator, a new teak deck and overhauled engines. She has an outstanding, protected cockpit area. Her interior's huge volume accommodates in style and comfort eight guests. She is a classic example of fine classic craftsmanship combined with luxurious air conditioned comfort for up to eight guests.

She is referred to as a " Classic Gentleman's Ship with outstanding sailing performance and ultimate interior's huge volume"

SY MOONLIGHT II of London has an extraordinary charter record over the last years in the French Mediterranean sea and wants to start a new charter record in the beautiful Greece waters. She will be available for the 2016 charter season from Lefkas, Corfu, Athens, and Cyclades,
