

Ad-Hoc Occupational Health Services

Clear robust and unambiguous reports delivered in a timely fashion by qualified and experienced Occupational Health professionals

Summary of Service

Health Assured offers a wide range of Occupational Health services which can be accessed on a pay-as-you-go basis. Our network of Occupational Health Physicians covering the whole of the UK can provide independent, robust and depersonalised reports, giving you the facts on the health of your employee. We understand employers want quick turnaround and quality reporting when dealing with staff absence.

"giving you the facts on the health of your employee".

SERVICE.

HEALTH SURVEILLANCE	Up to 20 Occupational Health Screens (per day) can be delivered on site by our clinical screening team.

Ad-Hoc Occupational Health Services

Clear robust and unambiguous reports delivered in a timely fashion by qualified and experienced Occupational Health professionals

We understand the time and quality of reporting along with general service provision is a key issue within the Occupational Health arena.

It really is that simple...

- Call **0844 8922 493** and speak with a member of our Clinical Team to discuss the case and establish if we could add value.
- We will send you all of the documents via email, along with an Advice for Manager and Advice for Employee guides.

- Finally, we will keep you up to speed and in the loop at every stage of the process.
- Clear, concise and unambiguous reports delivered, with unlimited employment law advice and Occupational Health support.

A very different approach to Occupational Health, delivered across the entire UK.
