

Prestige Lockers - Laminate Door

At a glance

As the door is normally the part of the locker that comes in for the most punishment, we offer this premium quality laminate door locker, without a premium price tag. The door fits neatly inside the frame and opens a full 180 degrees.

Tough, solid laminate doors are highly resistant to dents and scratches and will not rust. Ideal for places where lockers are frequently used, such as in schools and colleges.

- Mild steel carcass, available in a range of colours - see page 23
- Fitted with standard mastered cam locks with 2,000 differs
- Two sizes and four door configurations
- 2, 3 and 4 door lockers fitted with security shelf to prevent unauthorised access to the compartment below
- Wide choice of door colours - see below
- End panels also available
- Pre-drilled for nesting

At a glance

High quality perspex door lockers provide secure storage for personal possessions. Smoky Perspex makes for a more aesthetically pleasing look without removing visibility of the locker's contents. Ideal for use where there is a need to view the items stored, such as to deter pilfering in a retail environment. Solid colour perspex is also available.

- Choice of 300 and 380mm wide lockers
- Fitted with security shelf to prevent unauthorised access to compartment below
- Nests save up to 10% over the price of individual lockers and take less time to install
- Fitted with standard mastered cam locks with 2,000 differs
- Two tier lockers fitted with coat hook in each compartment
- Quality, durable Perspex door - clear option also available, see page 9
- Carcass powder coated with Germ Guard Active Technology antibacterial paint

Colours

We have a wide range of colours available to choose from for your carcass and perspex doors.

Guardian Lockers - Heavy Duty Laminate Door

At a glance

Laminate door heavy duty lockers make for an ultra-tough, hard wearing storage product.

Designed and built to withstand the highest level of wear and tear. Compact laminate doors are highly resistant to dents and scratches and will not rust. The locker carcass is made from a thicker grade steel, with tougher door hinges and a very robust lock.

Laminate door heavy duty lockers are available in widths of 300 and 450mm and are 500mm deep. Sizes can be varied to suit the location and specific requirements of the user.

Whatever your requirement, call our Sales Office who will be happy to quote to your specification.

- Higher grade steel carcass for added stability and rigidity
- Tough, compact laminate doors, highly resistant to scratches and dents
- Security shelf prevents unauthorised access to locker compartment below
- Fitted with 5 knuckle hinges and heavy duty cam lock for added security
- Can be made from zintec steel for wet area applications if required - this must be specified at the point of ordering
- Powder coated with Germ Guard Active Technology paint
