

CentaurPlus Series 2

Electronic time controls

CentaurPlus single channel time switches and two channel programmers are highly popular and affordable with the latest Series 2 units now featuring an upgraded back lit display screen and incorporating an automatic GMT/BST clock.

All models feature an industry standard six pin backplate which permits easy replacement/upgrade with the C11 and C17 controls being suited for use with combi boilers and the C21 and C27 versions for non combi boiler installations where a hot water cylinder is in use.

- 24 hour and 7 day options
- Up to 3 ON/OFF's a day
- Hot water boost and central heating advance
- Programme options: ON, OFF, ALL DAY or AUTO
- Mains powered with battery back up
- Standard wall plate – Simple to plug in and replace

Specification

CentaurPlus C27

Two channel 7 day control allowing independent time control of central heating and hot water

CentaurPlus C21

Simple, low cost 24 hour version of the C27

CentaurPlus C17

Single channel, 7 day time control suitable for combi boiler applications, an extra heating zone or the pump on a solid fuel boiler.

CentaurPlus C11
