

887 Utility

The 887 Utility Post is a great value, practical post, specifically designed for use in industrial applications within the health and safety sector. The high visibility, mild steel, retractable webbing post is designed to improve visual safety within warehouses, logistics centres and factories.

Features

- ➔ Mild steel post available in yellow or red powder coat finish
- ➔ Supplied with a hardwearing black plastic anti-scuff base as standard
- ➔ Also available with a socket mounted fixing
- ➔ 2.3m and 3.65m webbing options
- ➔ Choice of attention grabbing double sided chevron and safety message webbing
- ➔ Modular cassette design offering four point 4-way connectivity
- ➔ Accommodates the full range of sign holders

Benefits

- ➔ Robust industrial post, provided with high visibility finishes
- ➔ Hardwearing base cover that protects against scuffs, scratches and other surface damage, aiding durability of the product
- ➔ Heavy duty cassette or tape end options to improve longevity of product
- ➔ Selection of base options allow for a broader scope of applications and uses
- ➔ Choice of health and safety chevron and safety message webbings

Applications

- ➔ Warehouses
- ➔ Factories
- ➔ Distribution centres
- ➔ Bus depots
- ➔ Train depots
- ➔ Service inspection pits
