

SJ Ainsworth Consultancy Ltd

MANUFACTURING ENGINEERING AND PROJECT MANAGEMENT

Setting up in the UK? In need of Help?

We are a Midlands/UK based Manufacturing Engineering Consultancy and can assist you with

- Lean manufacturing process design and implementation
- Preparation of functional specifications
- Facility layout design
- Specification of new systems and equipment
- Automation, Robot and Laser system design and application

"Experience Shared, Potential Achieved"

We are well established and have successfully completed numerous projects which have involved technology transfer with both European and Far Eastern partners.
