SONY
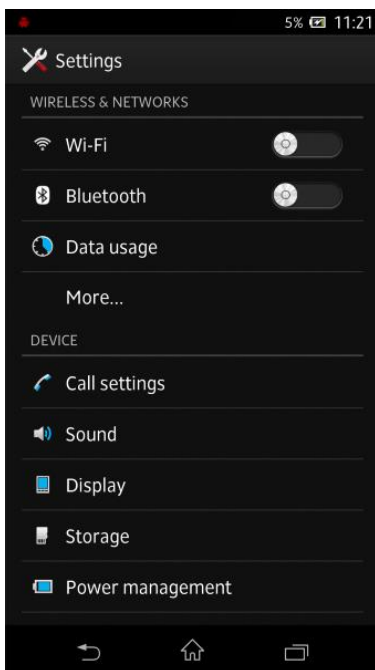

How do I connect to the Wi-Fi?

Brittany Ferries is pleased to offer you access to free onboard Wi-Fi called **Internet@Sea**. This document details how to connect on your Sony device.
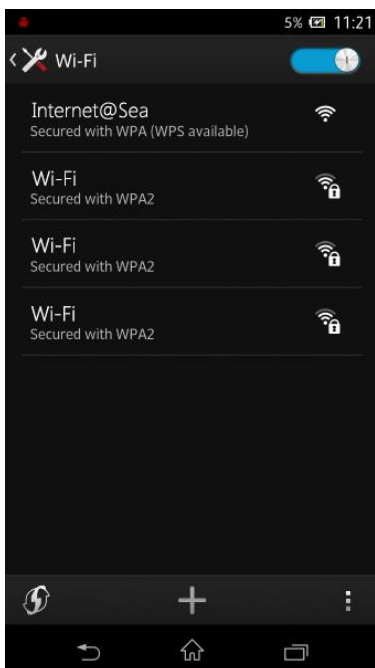

Before you start, please have your boarding card/cabin key at the ready as this is where your access code is located.

1. From the Home screen, open your apps list and select **Settings > Wi-Fi**
   Click the silver button to turn on the Wi-Fi.

2. Once turned on, wait for networks to be found and choose **Internet@Sea**.

Please then wait for the Brittany Ferries welcome screen to appear where you will be able to enter your access code.

FREE
Wi-Fi = 0123456789

IMPORTANT

Please note that this service is provided by satellite and therefore will not be the same as the internet you are used to at home or in the office.

We have taken reasonable measures to restrict access / downloads to some online content (including Skype and YouTube).

To avoid any data charges from your network provider, we recommend you turn off your data roaming setting. This is found in **Settings > Wireless & Networks > Mobile networks**
