## **News Security Cabinet - Risk Assessment**

Complete the following form and add it to your risk assessment folder

Potential hazards?	Who might be harmed?	What are you already doing?	Further action necessary?	Who actions?	Date	Review
Siting position	Wholesaler, staff & public	We've ensured the cabinet is sited in the least obstructive position available.	Check the cabinet regularly for signs of damage.			
		It is firmly secured as per the Manufacturer's instructions.	Ensure that access area is free from rubbish or other obstructions at all times. Check the wall area fixings for any signs of damage.  Ensure there is no build up of debris behind the cabinet.			
		We chose the most suitable unit from a range of cabinet sizes and shapes to minimise obstruction.				
		If castor kit is fitted, ensure cabinet is secured at all times except when being moved.				
		Ensure the cabinet is secured and moved only on fairly level ground.				
	Safe access for wholesaler and staff	If the cabinet is fitted with floor bracket option, the brackets do not protrude in to walkway.	Camera and lighting assessment carried out. Adjacent area minimises "hide & surprise" places.			
		Least dangerous site for staff & wholesalers to access has been chosen.				
Product Safety Risk of cuts/scrapes	Wholesaler, staff and public	Cabinet has smoothed edges.  Handles retracts in to lock body.  Door closes flush in to the body of the cabinet.	Check the cabinet regularly for signs of damage.			
Fire	Staff and public	The cabinets are heat resistant and no material used in their manufacture is toxic, combustible or of an acceleratory matter.				
Manual Handling	Wholesaler and staff	Ri cabinets have a tray inside to allow bundle/ totes to slide out. Ri cabinets open from the front to allow easy access for loading/unloading. Front opening allows us to use best practice lifting techniques, lifting advice note in cabinet.	Ensure adequate manual handling training given. Provide trolley for easy movement of totes/bundles. Parcel weights shouldn't exceed I 8kgs unless labelled otherwise. (PIAC)
