HND Computing

What will I learn?

This practical, hands-on Higher Education course will provide you with the essential skills, knowledge and understanding of computing to enter one of a number of professions that will be open to you. Professions which contain many vacancies, from the UK's Silicon Valley just 5 miles away to Canary Wharf and beyond, both nationally and globally. The world is truly your oyster with Computing!

To this end you will learn the major specialisms within Computing.

In addition to the specialist skills you will obtain above, you will also learn about the wider, transferable skills that are becoming increasingly sought-after in today's jobs market in Unit 3: Employability and Professional Development

Technologies used will include

- Ms Windows 2010, Cisco Netware
- Ms Office 2010, Ms Project 2010
- Visual Studio.Net, Net Beans
- Jump Craft, Dark Basic Pro
- Dreamweaver, Raspberry PI
- Visio, Adobe Photoshop

What qualifications do I need to qualify for this course?

- 2 A Levels including Computing/ICT or
- Access to Diploma in IT/ Computing (minimum 45 level 3 points in relevant units)
- BTEC National Diploma (Merit) or
- (Mature Entry with preferably 2 years in the IT industry)

All subject to interview.

What can I do after this course?

Learners may progress onto the 3rd year top-up BSc (Hons) degree programme in Computing or Computer Science at University and/or direct employment in the various specialisations within this young and dynamic sector.
