Competitive Edge Consulting

IMPACT Masterclass™ Montupet motors ahead

About Montupet

Montupet is a French-owned industrial group specialising in the design and production of complex cast aluminium parts for the automotive industry. Montupet UK, in Belfast, is one of the largest cylinder head aluminium foundries in the UK. Customers include General Motors, Ford and Renault.

Opportunity

Montupet UK wanted to streamline its operations and there was interest in how to incorporate its maintenance function into production. The company recognised that improving reliability was necessary to optimise efficiency levels and was looking for some new ideas.

Gef Keys, Montupet Manufacturing System Manager, Montupet UK

“The IMPACT Masterclass™ has helped to bring about an alliance between production and maintenance to better control and improve the production processes.”

“We have already seen a significant increase in efficiency”

Action

EMS Cognito implemented an IMPACT Masterclass™ at the Belfast site. By introducing new and innovative processes, routine maintenance practices were simplified and the on-site maintenance costs were reduced. Visual controls introduced throughout the factory meant asset care activities could be shared.

Results

A significant lift in efficiency levels and improvement in equipment operating performance created 2 extra days of cylinder head production per month. The Belfast site has been recognised by Montupet Group as demonstrating best practice. EMS Cognito is now working with Montupet at sites in Bulgaria, Spain and Mexico.

EMS Cognito is a UK based, international business process improvement consultancy with a track record of helping leading global businesses in diverse industries gain competitive advantage through the application of Lean and Operational Excellence strategies.

IMPACT™ Programme

Improved Performance
And Cultural Transformation

Our IMPACT Programme™ is unique; it engages managers at a strategic level, identifying opportunities within operations to both increase profitability and add value for customers.

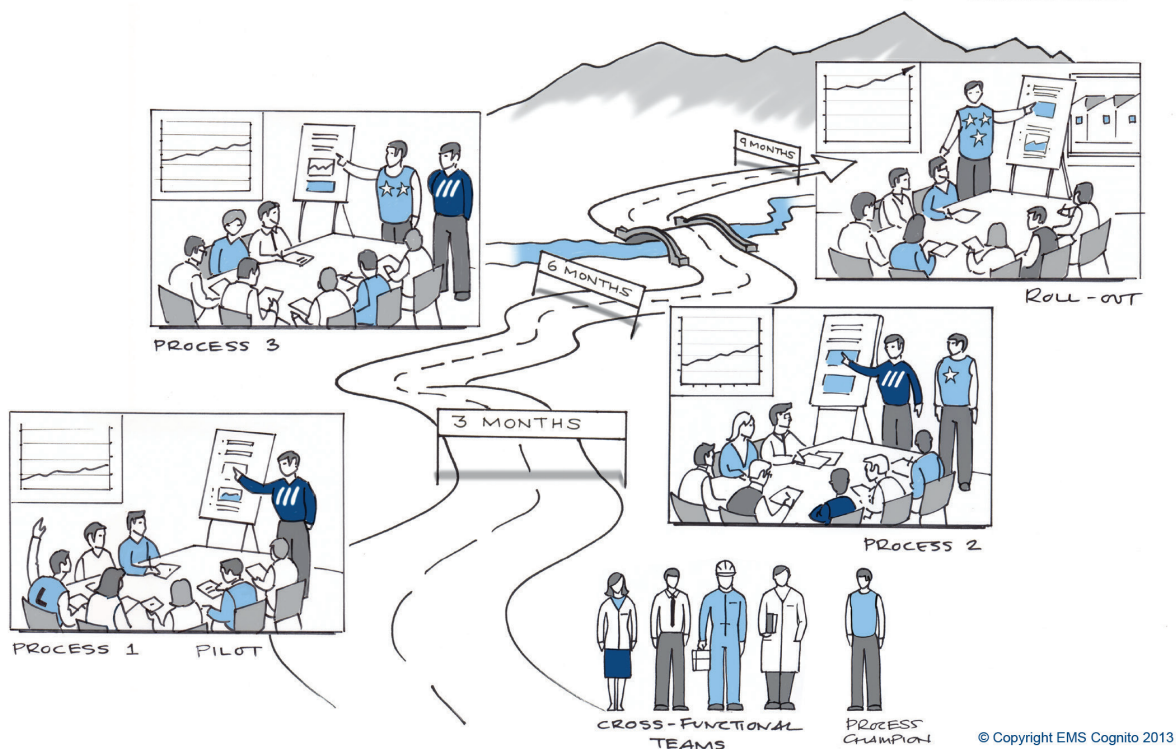

- Employs our own blend of methodologies
- Focuses in-depth on the most critical processes
- Produces early wins that gain momentum
- Transfers expertise to cross functional teams

IMPACT™ Masterclass

Improved Performance
And Cultural Transformation

IMPACT Masterclass™ is a unique implementation method that serves a central role in executing the strategy to achieve your operational goals. We design each IMPACT Masterclass™ around your company, your circumstances and your particular requirements.

IMPACT Programme™ - The Masterclass Approach to Implementation
