The information and opinions in this report were prepared by Pechala's Reports or one of its affiliates (collectively "Pechala's Reports"). This report is based upon information available to the public. The information herein is believed by Pechala's Reports to be reliable and has been obtained from sources believed to be reliable, but Pechala's Reports makes no representation as to the accuracy or completeness of such information. Pechala's Reports and/or its affiliates worldwide may be market makers or specialists in, act as advisers or lenders to, have positions in and effect transactions in securities of companies mentioned herein and also may provide, may have provided, or may seek to provide investment banking services for those companies. In addition, Pechala's Reports and/or its affiliates or their respective officers, directors and employees hold or may hold long or short positions in the securities, options thereon or other related financial products of companies discussed herein.

Opinions, estimates and projections in this report constitute Pechala's Reports judgment and are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. This report is provided for informational purposes only. It is not to be construed as an offer to buy or sell or a solicitation of an offer to buy or sell any financial instruments or to participate in any particular trading strategy in any jurisdiction in which such an offer or solicitation would violate applicable laws or regulations.

The financial instruments discussed in this report may not be suitable for all investors and investors must make their own investment decisions using their own independent advisors as they believe necessary and based upon their specific financial situations and investment objectives. If a financial instrument is denominated in a currency other than an investor's currency, a change in exchange rates may adversely affect the price or value of, or the income derived from, the financial instrument, and such investor effectively assumes currency risk. In addition, income from an investment may fluctuate and the price or value of financial instruments described in this report, either directly or indirectly, may rise or fall. Furthermore, past performance is not necessarily indicative of future results.

Additional information relative to securities, other financial products or issuers discussed in this report is available upon request. No part of this material may be copied or duplicated in any form or by any means, or redistributed, without Pechala's Reports prior written consent.
