ABOUT OUTDOOR FOR SCHOOLS

Designing Your Outdoor Space 6 EASY STEPS

WHO WE ARE

Outdoor For Schools specialise in manufacturing and installing playground equipment, furniture and solutions to enable children to play and learn outside. We are a trading division of A&E Leisure Ltd, a Reading-based manufacturer with our own factory and depots nationwide.

WHAT WE DO

Outdoor For Schools design play equipment and furniture to inspire and excite children. They include:

- Outdoor play equipment – to encourage both mental and physical development
- Shade and shelter solutions – to maximise the use of outdoor space all year round
- Safety surfaces and fences – to ensure safe play in a defined space
- Planters and sandpits – ideal for improving children's fine motor skills
- Outdoor accessories – bins, storage and more to enhance the enjoyment of outdoor space
- Indoor and outdoor furniture – for dining, learning and relaxing.

WIDE AGE RANGE

Our play and outdoor equipment is ideal for nurseries, schools and all educational establishments. This includes EYFS, KS1, KS2 and Secondary.

LEARN THROUGH OUTDOOR PLAY

Our key mission is to help children learn through play by challenging them both mentally and physically. We promote an active lifestyle for children of all ages and abilities, encouraging them to play in their own individual way and use a different tactic each time.

KEY STAGES IN THE NATIONAL CURRICULUM

All our products have been designed to develop the knowledge and skills of children within the predefined Key Stage targets. At Outdoor For Schools we know that the life skills learnt now will set them up for life and that outdoor learning is a key part of this.

COLOUR, SHAPE AND TEXTURE

Children love our vibrant colours and the variety of shapes, textures and materials we use. This stimulates imaginations and encourages children to learn through play.

SAFETY AND QUALITY

Designed to inspire and excite, safety and quality matter most at Outdoor For Schools. All our play equipment is manufactured in the UK to comply with EN1176. Many of our products are made from environmentally friendly recycled materials.

MANAGING YOUR PROJECT

Our team will manage every step of your project from design and manufacture, to installation and after-sales service.

INSPECTION AND MAINTENANCE

Our inspectors visit sites and prepare detailed reports on the condition of your play equipment, highlighting and prioritising any issues related to compliance with European Standards EN1176 and EN1177. To demonstrate due diligence it is recommended that, in addition to your own regular inspections, your play equipment is inspected annually by an external expert.

As well as our own play equipment we repair and maintain all major brands. We also maintain safety surfacing whether it would be wet pour, play bark, rubber matting or bonded rubber mulch.

1. YOUR ENQUIRY

Send us your designs and ideas and we will bring them to life! Your unique creations can be named after your school if you wish.

2. FREE SITE SURVEY & CONSULTATION

Our sales and project team will visit your school to discuss your requirements in more detail, take a look at your space and measure up so we can send you visuals.

3. CREATE AND DEVELOP YOUR PLAYGROUND

Our 3D design proposals will show you how we transform your space into an area children will love.

4. PLACING YOUR ORDER

We'll agree a convenient delivery and installation schedule.

5. MANUFACTURED IN OUR UK FACTORY

Our skilled fabricators and project team manufacture and quality check all equipment before it leaves for site.

6. INSTALLATION BY OUTDOOR FOR SCHOOLS STAFF

Our in-house team of installers will provide instructions and after-care guidance where necessary to get the most out of your equipment.

PLAYTOWERS

Designed and built in our UK factory, Play Towers use high quality quarter-sawn timber posts for outstanding value. They feature single or multiple towers, climbing and walking challenges, ripple slides, tunnels and more.

We design and manufacture our products ourselves which enables us to offer a bespoke service for any of our Play Towers, from configuration to colour themes. Contact us to see how we can bring your space and ideas to life.

PLAYSTATIONS

Designed and built in our UK factory, Play Stations are constructed from machined rounded, laminated timber poles for a premium touch. They are designed primarily for children at the early year stage aged 2-5, with a compact footprint and lower platform play height.

We design and manufacture our products which enables us to offer a bespoke service for any of our Play Stations, from configuration to colour themes. Contact us to see how we can bring your space and ideas to life.

PLAY STATIONS

For ages: EYFS, KS1

LEARNING OUTCOMES

- ✓ Agility and strength
- ✓ Coordination and balance
- ✓ Communication and language
- ✓ Fun and fitness
- ✓ Understanding and processing instructions
- ✓ Understanding health and safety
- ✓ Team building / working with others
- ✓ Making independent decisions

PLAY STATION 1

A1010

W 6000mm x D 6500mm
Free Fall Height: 900mm

DID YOU KNOW?

For play equipment with a free fall height more than 600mm, an impact attenuating safety surface is required for BS EN1176. The dimensions we show include the safety surface area required.

PLAY STATION 2

A1011

W 6500mm x D 6000mm
Free Fall Height: 900mm

PLAY STATION 3

A1012

W 7500mm x D 6500mm
Free Fall Height: 900mm

ACTIVE PLAY

Free Fall Height: 900mm

PLAY STATION 6

A1015

W 8000mm x D 6500mm
Free Fall Height: 900mm

PLAY STATION 7

A1016

W 3100mm x D 8100mm
Free Fall Height: 900mm

ACTIVE PLAY

HEALTH BENEFITS OF OUTDOOR PLAY

BODY

- Increases fitness levels and builds active healthy bodies.
- Raises levels of Vitamin D, protecting children from future bone problems, heart disease and diabetes.
- Improves distance vision.

MIND

- Outdoor education improves critical thinking skills.
- Schools with outdoor education programmes score higher in national tests for maths, reading, writing and listening.

SPIRIT

- Stress levels fall when children see outdoor green spaces.
- Play protects a child's emotional development. The loss of free outdoor time leads to anxiety and depression.

ACTIVE PLAY

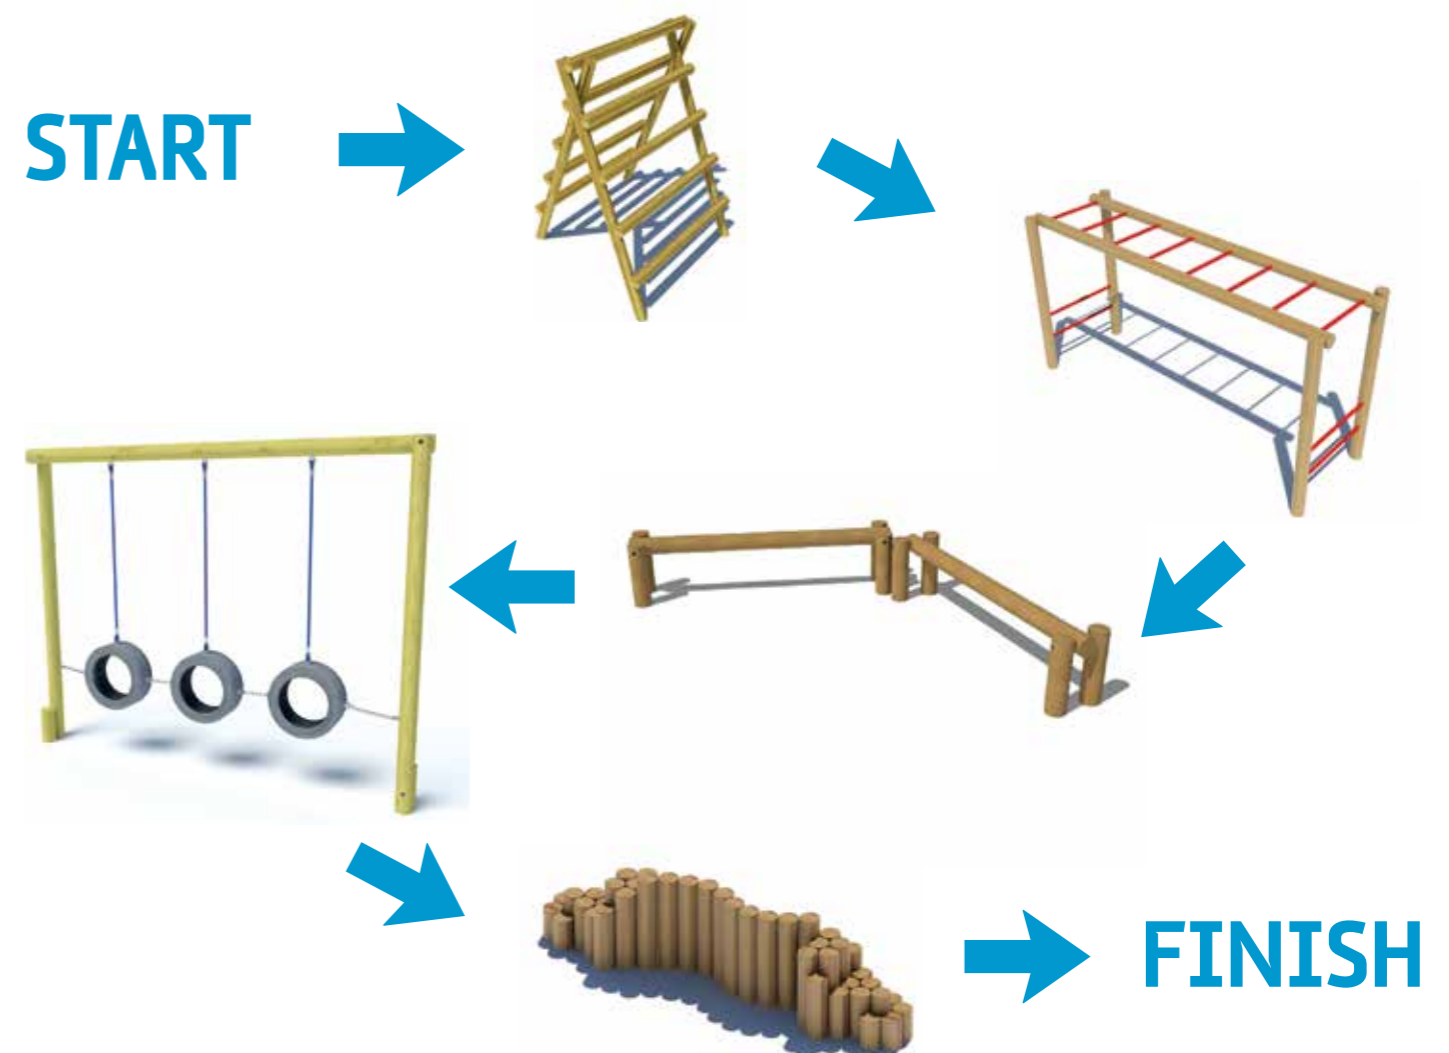

FITNESS TRAILS

Our Fitness Trails (also known as 'Trim Trails') can be mixed and matched to suit your space, budget and students. Alternatively choose from our Fitness Trail packages.

NETCLIMBERS

Outdoor For Schools offer a range of Net Climber designs aimed at bringing a new dimension to play. With vibrant rope and solid wood, they create impact in any play area. Unlike more traditional play units, there is no correct way to play on Outdoor For Schools Net Climbers, so children can make their own independent risk assessments which creates a valuable learning opportunity through play.

SHADE & SHELTER

SHADE SAILS

Shade Sails are a stylish and practical alternative to awnings and umbrellas, giving excellent UV protection and superb visual effect. Posts can be in metal or timber to blend in with the environment and existing buildings can be incorporated.

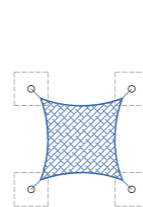

FABRIC

The membrane fabric is a strong acrylic 300g/m², UV50+, Lightfast 7-8, Scotchguard or Teflon treated. Available in a wide range of colours.

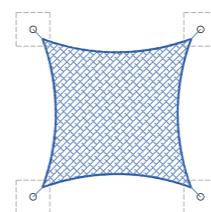

With such a variety of sizes and styles, call 0118 923 0300 for a free site survey to see how we can make more of your outdoors.

SHADE & SHELTER

TERRADO GLASS OUTDOOR AWNING

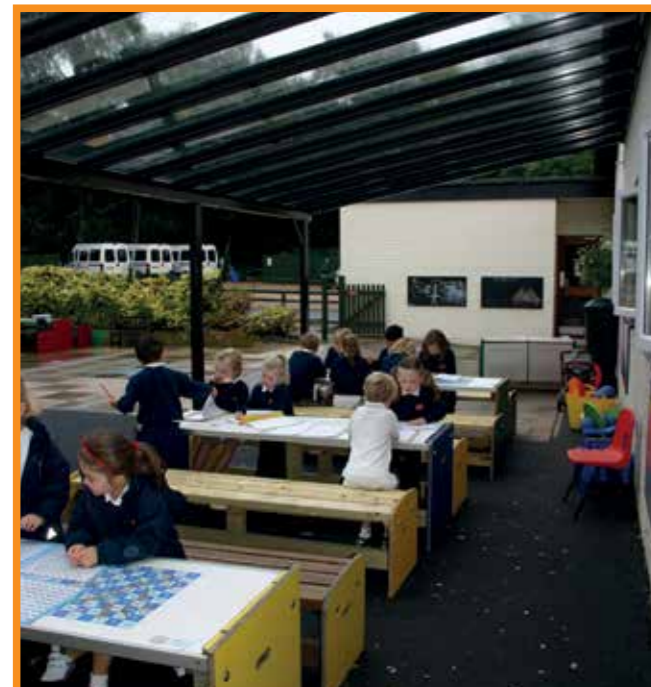

Make your outdoor area a warm and cosy space in the winter, and refreshingly inviting in the summer months.

Whether you need shade in the summer or heat in the winter, the clever design of the Terrado enables you to adjust your outdoor area to suit whatever the weather throws at you, keeping children and teachers protected and comfortable.

The Terrado structure can be installed with:

- Glass doors to front and sides
- Fixed glass sides
- Retractable awning for shade

ASCOT SHELTERS

THERE IS A RANGE OF OPTIONAL EXTRAS TO
TAILOR ASCOT SHELTERS TO YOUR EXACT NEEDS.

UV 50+
PROTECTION

SHADE & SHELTER

Ascot Shelters are a superb way of increasing your usable outdoor area. The canopies provide UV50+ shade in the sun and high-level water resistance from rain. Made in our UK factory, they are available in a wide range of standard sizes and can also be made to measure to suit any special requirements you may have.

TIMBER FRAME

Manufactured at our UK factory, we can construct a wide range of sizes. The protomised redwood timber is further protected with Sadolin stain allowing a choice of colours.

FABRIC

The membrane fabric is a strong acrylic 300g/m², UV50+, Lightfast 7-8, Scotchguard or Teflon treated. Available in a wide range of colours.

STAGES & DECKS

WE USE ONLY THE BEST MATERIALS WITH DECKING MANUFACTURED FROM TREATED PINE OR DURABLE HARDWOOD.

Outdoor For Schools can design and build all shapes and sizes of decking using our experienced in-house design and installation teams.

We can easily incorporate disabled access ramps as well as steps and balustrades at your request. Decks are often used to create an area for outdoor classrooms, theatre stages and Ascot Shelters.

For a free site survey and quotation please contact us on 0118 923 0300.

DID YOU KNOW?

Develop your own 'Sun Protection Policy':
'Protection' – provide an environment that enables pupils and staff to stay safe in the sun. **'Education'** – teach sun safety to increase the knowledge and influence the behaviour of pupils, parents and teachers.

SCHOOLS GROUNDS & ACCESSORIES

SAFETY SURFACES

FOR PLAY EQUIPMENT WITH A FREE FALL HEIGHT MORE THAN 600MM, AN IMPACT ATTENUATING SAFETY SURFACE IS REQUIRED FOR COMPLIANCE WITH BS EN1176. WE OFFER A RANGE SUITABLE FOR YOUR PLAY AREA AND BUDGET.

PLAY BARK

An economic safety surface solution that can be installed using either a raised or sunken pit, however it needs regular maintenance and topping up.

RUBBER MATTING OVER GRASS

Grass grows through the matting installed and can be mown normally. The matting prevents grass from developing worn or muddy patches.

SYNTHETIC PLAY GRASS

Easily laid onto a prepared surface, it needs very little maintenance and is guaranteed for five years. The surface is sterile and will not graze the skin.

WET POUR

We undertake the groundwork, preparation and laying of the wet pour rubber safety surfacing. Wet pour may be laid in black or a variety of colours and patterns.

BONDED RUBBER MULCH

Available in a range of colours, the bonded rubber mulch requires minimal groundwork preparation and can be installed directly onto grass or existing hard surfaces.

BESPOKE ITEMS

LET'S MAKE THE MOST OF IT!

BESPOKE ITEMS

BESPOKE ITEMS

A ONE-STOP SOLUTION FOR PLAY EQUIPMENT, OUTDOOR FURNITURE, SCHOOL GROUNDS & ACCESSORIES

Combining experience, expertise and technical knowledge, we provide a seamless service boasting our own in-house design, manufacturing and installation teams. Having all these teams under one roof means we can bring an extra level of creativity and flexibility to our products, whether it's adapting one of our existing designs, or creating a bespoke play area solution from scratch.

HOW DO WE DO THIS?

Outdoor For Schools are proud of the fact that all our play equipment and outdoor furniture is designed and manufactured in our own factory based at our headquarters in Reading. This enables a smooth transition from your initial ideas through to design, manufacture and installation.

BESPOKE SOLUTIONS

Having our own manufacturing base, complete with skilled fabricators and CNC machine operators, allows us to design and build a complete made-to-measure product. Our team are highly skilled in the design and build of play equipment and offer a free consultation service to help you decide what you want to achieve. A comprehensive selection of 2D or 3D design proposals will show you how we transform your space into an area that teachers and children will love.

- Create made-to-measure, bespoke play equipment and outdoor furniture
- Adapt an existing design, change components or choice of colours
- Mix and match play equipment to suit space
- Brand umbrellas and awnings with your school's logo or name
- Engrave play equipment or timber furniture with an emblem or logo.

FURTHER INFORMATION

CASE STUDIES

'Can I just say what a great team the installers were and how the whole school can't wait to get on it next week! If funds allow in the future, I would certainly come back to you for future developments! Thanks for all your help!'

Wendy Aitken, Head Teacher, High Coniscliffe School, Darlington.

'Working in a school, it is vital that any projects we undertake are carried out on time and on budget. We were extremely delighted with the service regarding these conditions throughout the initial enquiry process until completion.'

Damian Sunter, Head Teacher, Halton Hologate.

'From the first time Outdoor For Schools came to Barlborough Primary School I could tell that they fully understood our needs – they just got us. They were the only company who carefully listened to our needs and produced ideas and concepts for our playground based on this.'

Bela Webster, Vice Chair PTA, Barlborough Primary School.

FURTHER INFORMATION

PRICE PROMISE

PRICE PROMISE

Outdoor For Schools will make every effort to match the price if you are able to find the same specification product at a cheaper price.

GUARANTEE

All products are of the highest commercial quality and are designed, manufactured and tested to withstand the rigours and demands of normal commercial use. All Active Play products and Ascot Shelters carry a 5-year guarantee against faulty workmanship and materials and a 10-year guarantee against wood rot. All furniture items carry a 2-year guarantee. For a full breakdown of warranty terms and conditions on all of our products please contact the sales office on 0118 923 0300.

Please note that guarantees do not cover misuse, vandalism, extreme weather and replacement items such as light bulbs.

TERMS AND CONDITIONS (EXTRACT ONLY)

Prices: All prices quoted are ex-works and ex-VAT unless otherwise stated. We make every effort to maintain the prices in this catalogue but prices are subject to change due to changes in raw material costs.

Delivery: Orders over £1,500 net will be delivered free of charge to mainland UK. Quotation for delivery costs worldwide are available upon request.

Installation: A site specific quotation will be provided free of charge.

Assembly: Furniture is delivered fully assembled to mainland UK at no extra charge.

Product Development: Specifications may vary as Outdoor For Schools have a policy of constant review.

Colours: Colours pictured are indicative only and may vary.

Title: Title to goods remains with seller until paid in full.

Full Terms and Conditions: Available on request by calling the sales office on 0118 923 0300 or visiting outdoorforschools.co.uk
