PORTABLE THEATRE LIGHTING AND SOUND EQUIPMENT

PORTABLE DRAMA LIGHTING & SOUND

ASG Stage Products have an extensive range of professional portable equipment for use in drama studios. Lighting & sound packs will be individually designed to meet your requirements.

LED LIGHTING PORTABLE DRAMA PACKS

LED Lighting is becoming more popular with all the benefits over incandescent lamps with energy saving, colour mixing, lamp life & safe to handle (low heat output). The LED drama packs include fresnels, profiles & PAR cans, various options are available. All systems include stands, lighting desk & custom leads. (Note: LED Luminaires use non dimmable mains supply & are dmx controlled.)

INCANDESCENT PORTABLE DRAMA PACKS

The generic lighting drama pack has the standard incandescent theatre fittings, fresnels & profile spots, using a portable dimmer attached to the stand (32A mains supply required), controlled by DMX. Complete lighting drama packs will be individually designed to meet your requirements which include lighting stands, luminaires, dimmers, lighting desk & leads.

PORTABLE DRAMA SOUND PACKS

We offer two types of portable sound systems, completely integrated ready wired sound system offering a convenient plug & play solution. Contained in a single ultra lightweight enclosure. The second option is a bespoke sound system racked in a portable flight case rack with casters. Systems come complete with mixer, amplifier, speakers, stands & leads. Microphones are an optional extra.
