

escape the boring, design for a smarter life

About Gingko

Gingko was founded in Oxford, England in 2011 by Paul Sun and his wife Natalie Sun with the objective of designing and creating high-end, yet stylish and practical products for home and design-led gifts.

We bring a fresh approach to design incorporating modern technology into everyday objects. Sometimes life can be complicated and technology too intrusive. Therefore by keeping our product lines simple yet engaging and keeping our products up to date with technology, as well as being aesthetically pleasing has kept us driven and inspired us to create every single new product as well as to our everyday work.

Design, Quality & Time are our design ethos when every Gingko object is born. We give every item an ultimate stylish look in a minimalist design, craft it with our passion and love in our best standard of quality, and create it to last as time goes by.

We're currently based in Kenilworth, about 10 minutes away from Warwick Castle and 5 minutes away from Kenilworth Castle in the middle of England. We strongly believe that a united growth with our beloved customers is a better growth and we thrive on seeking and creating the out of the ordinary for our global business partners and customers, which enforces the foundation of our ethos, escape the boring: design for better and smarter life.

MI SQUARE

Pocket Bluetooth Speaker

- life is better with music on the go -

MI SQUARE

Pocket Bluetooth Speaker

Naturally hand crafted and beautifully designed with great performance, the 2019 brand new Gingko MI SQUARE Pocket Bluetooth Speaker makes your travel music experience seriously matter.

Made with solid natural Asian bamboo or American Cherry and Walnut wood and powered by a long-lasting integrated rechargeable battery, the MI SQUARE Pocket Bluetooth Speaker is a very handy object to travel with, no matter where you go and what you do. It delivers you seriously great sound in a small and neat bamboo wood square.

The MI SQUARE Pocket Bluetooth Speaker designed by Gingko reflects our design ethos and commitment to modern, stylish and great design.

Octagon One Portable Desk Light

This multi-award winning Octagon One portable desk lamp combines the best of simple and natural effect finish to achieve its modern industrial aesthetic. The focal point of the design is a beautifully shaped octagon wood/marble finish base with touch control button and in-built rechargeable battery which makes it to be a totally wireless desk lamp and allows it to be positioned at three different angles. Octagon One is a purposeful yet organic design, as well as a warm addition to any desk or office space.

- CRI: RA>90
- 4 levels of brightness and 3 different angle displays
- touch sensitive control button on the base for power control and brightness level adjustment

Smart Book Light

a design object with the wow factor

The Gingko Smart Booklight is definitely a great additional piece of art to any home; when closed, this smart Book Light masquerades a laser-cut wooden/leather 'book' (depending on the collection material), but when opened it transforms into a sculptural light emitting a wonderful ambient warm white light through the pages.

The beautiful, exquisite design opens to full 360 degrees with cleverly concealed magnets and the lovely soft touch papers are tear-proof and water-resistant that are lightened up by long-lasting LED lights. Inside the laser-cut wood or leather cover lies an interior lamp body made from durable, water-resistant Tyvek "pages" containing high-performing LEDs.

Technical Features

- LED life-span: about 50000hrs
- colour temperature: 4500K (warm light colour)
- output: 400 lumen
- power supply: in built rechargeable Lithium Polymer
- battery life: 6-8 hours in constant use
- charging time: 4 - 5 hours
- can be opened up to 360 degrees
- product Material: natural wood or fibre leather with water-resistant Tyvek paper
- 24 x 21.5 x 18 cm (large size when 180 degrees opened)
- 18 x 12.2 x 9 cm (mini size when 180 degrees opened)
- 9 x 12.2 x 2.5 cm (mini size when closed)
- 17 x 21.5 x 2.5 cm (large size when closed)

R SPACE LAMP

A line appears, it takes shape, which is then filled with life and turns it into an Art. A vision becomes tangible - real, space, lightness, which turns it into a design. Fascination. The brand new Gingko R Space Lamp comes into being.

The brand New Gingko R Space Lamp is a perfection through its most contemporary form. The R-shaped body simply looks like a 3D R when it's closed; But when it opens, it transforms itself into an elegant and stunning lamp emitting a delightful soft warm or cool white LED light (two light colour options) through this water and tear proof 'lantern' made of tyvek papers.

The R Space Lamp is dimmable and can be controlled by the supplied smart remote control, so you can easily dim it, turn it off or on, or change the light colour as you wish. Powered by a in-built 2500 mAh rechargeable battery makes the R Space Lamp fully portable or it can be permanently plugged in with a 5V USB plug charging adapter such as a smart phone USB charger (not included)

The R Space Lamp, an inspiring object.

Flip Click Clock

Natural materials, Intelligent technologies,
Fine details.

The brand new Flip Click Clock is crafted with natural wood material and incorporated with the **sound activated LED clock system**, laser engraved **touch control top**, **in-built rechargeable battery** and the **new flip alarm technology**. It's designed to enhance your whole experience of day to day alarm clock use.

The technologies built into the Flip Click Clock changes your normal way of using an alarm clock. When the Gingko Logo shows on top it means the alarm is off and when the nicely engraved alarm icon shows on top instead it means the alarm is turned on.

The Flip Click Clock is **super-easy to set up**. To set the time and alarm, simply touch the fine laser engraved buttons. When the alarm goes off, gently **'stroke' any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves** to a normal display as well, keeping the same time and moving as accurate as before.

Flip Click Clock, a design object tailored to

clickclock™
time at the click of your fingers

Time can be smart, clever, ultra-stylish, functional and simple with our cube click alarm clock.

The original Ginkgo Cube Click Clock can tell you the time, date and temperature alternately in LED numbers on a wood grained or other finished cube block at the click of your fingers and automatically switches off when the room is quiet, lighting up again when the alarms goes off or as a response to clicked fingers or clapped hands. The numbers seem to float on the lovely wooden block, but that's just half the magic of the cuboid with a conscience.

Small, but smart; simple, but clever.

brick

We're all slaves to time, but now it's on your terms with these stylish Brick Click Clocks. Just click your fingers or gently tap your bedside table and the time will appear and looks like the time is magically floating on these lovely bricks. No longer does your room have to be illuminated by a constant blinking digital glow, nor do you have to fumble to find your smartphone in the darkness.

The Brick Click Clock can display the time, date and temperature alternatively or you can also set it on permanent time display like the cube. Best of all, due to its portable feature with a integrated rechargeable lithium battery, it can be placed wherever you like with no need to worry about too many wires around your room any more.

Technical Features

- portable display, powered by integrated rechargeable lithium battery (plug charging adapter included)
 - battery life : 5-7 days on permanent display and 2-3 months in sound activated display.
- charging time: 3-4 hours (can have the clock plugged in all the time)
 - in-built internal memory battery to keep all your custom settings
 - regular setting setting with snooze function
- product material: MDF wood with different wood effect or other material effect finish
 - display time, date and temperature alternately
 - sound or touch activated LED display
 - 12/24 hours clock
 - temperature display can be in Celsius or Fahrenheit

radio clickclock

The Radio Click Clock - strong, but certainly not silent.. The clean and uncomplicated design will certainly grab your attention and stands out from the radio crowd. The user friendly, on screen LED clock, FM frequency display or alarm time's floating appearance, contrasts against the natural and realistic material designs, that gives it a modern and mysterious edge. Wake up to the delightful stereo sounding radio from the beautifully lined-up 49 speaker dots and snooze to your hearts content with a simple press of the aluminium finished tuning button on top.

The Radio Click Clock also still includes all the fantastic features of our other Click Clock ranges- a clap of your hands or click of your fingers and the display magically lights up for a few seconds with the time, date and temperature and disappears while it's quiet when the radio is not in use.

- FM Radio with on screen frequency display
- automatic channel searching or manual tuning
- display time, date and temperature alternately or only on permanent time display
- on screen alarm time display
- radio or buzzer alarm option and 5 or 7 days alarm setting
- sound activated display or permanently stays on
- 12/24H clock and Celsius or Fahrenheit temperate display

- European or American date display
- LED display automatically dims by half between 9pm and 7am
- power supply: built-in 2000mAh rechargeable battery or wall plug adapter
- battery life: 7-8 hours when radio is constantly in use; 10-14 days when clock is on permanent display setting and 3-4 months in sound activated display setting
- in-built internal memory battery to keep all your custom settings
- product material: wood with wood/aluminium/leather effect veneer finish

The image shows a dark grey square clock with glowing white dots arranged in a circular pattern on a wooden table. The background is a blurred modern living room with large windows and a yellow lamp. The clock is the central focus, and its design is minimalist and contemporary.

Analogue
clickclock™

Inspired from the nature of simplicity and the look of a traditional analogue clock face, the NEW Analogue Click Clock designed by Gingko has a ultra-stylish and contemporary look. The cutting edge and aesthetical design makes it stand out from any traditional or digital analogue clock crowd and it certainly catches people's attention no matter where you put it, in your sitting room, office, kitchen or lounge .

The Analogue Click Clock can be placed on the table/shelf, or it can also be wall mounted. It meets people's desire for adding an unusual and aesthetically pleasing objet d'art in their living or working space, as well as telling the time in a very inspiring way.

Plus, the second dot moves every second on the circle face and looks like it's magically dancing on this beautiful piece of design, which makes it even more inspiring and appealing.

The Analogue Click Clock still features an alarm and sound activated functions, the same as our other click clocks. It can also be set to display permanently.

Technical Features

- permanent or sound activated analogue LED clock display -
- power supply: DC 5V/0.5-1A plug adapter (included) or in built back-up rechargeable battery (for back up use only) -
