

# Granges in Maine

Directory prepared by the Maine State Grange Communications Department  
Information believed accurate as of March, 2017

MAINE STATE GRANGE

Advocating for agriculture...

*"The soil is the source from whence we derive all that constitutes wealth..."*

## About this directory...

This directory was prepared by the Maine State Grange Communications Department based primarily on the 2017 Roster of Granges for the purpose of allowing people to locate Granges in Maine. While efforts are made to insure accuracy, no warranty is made or implied.

## About Grange designations...

Local Granges are referred to as “subordinate” or “community” Granges. Grange numbers indicate the relative date of charter—Grange #1, for example, would be the first Grange chartered in Maine. Granges are organized into Pomona Grange. These Pomonas originally closely followed county lines.

## Contacting a local Grange...

Contact information for a local Grange can be received by contacting the Maine State Grange Office at 1-800-464-3421 or by submitting a request for information through the Maine State Grange website (<http://mainestategrange.org>). **Please do not use the addresses listed in this directory for mailing purposes.** Most Granges do NOT receive mail at the hall address and your mail will be returned to sender. If you need to mail to a Grange, contact us as describe for the correct mailing information.

## Meeting times...

Meeting times cannot be guaranteed. Where possible we have listed meeting schedules, but these are always subject to change for reasons ranging from weather to special events. Those who are interested in a local Grange should find a local contact by the methods previously suggested and confirm meeting dates and time.
