## GUIDANCE NOTES

We work to the highest possible standards. Legislation and the REC Code of Conduct require that we take a minimum of two satisfactory references. We also need to ensure that we comply with the requirements of the 2010 Agency Workers Regulations.

In practice, this means we need as much information about your previous work history as possible to enhance our ability to find you suitable work.

Please complete the adjacent page, continuing on page 9 if necessary, to ensure we have details of your last two year's work history as a minimum.

Pay particular attention to the detail provided on your most recent jobs, especially any temporary agency assignments you have attended in the last 3 months.

When taking a reference we send out a standard form that asks only for basic information. Your ability to demonstrate that you can provide a checkable work history increases the likelihood that we will be able to find suitable assignments or positions for you.

# WORK HISTORY
