

*** H I R E A G R E E M E N T ***

You can hire a piano for 6 months and monthly charges vary, but they start from £35.00 per month. During the hire period the piano remains the property of Little & Lampert Pianos and at no time must the piano be sold or removed from the customer's address without our consent. The Hirer must ensure that the piano is well looked after and the piano must be tuned at least once during the hire period. This cost falls upon the Hirer and current charges are from £55.00. Along with the full rental sum which is payable on signing this form, the hirer must also pay delivery/return transport at the same time. Current transport charges are £60.00 each way and £40.00 extra charge per flight of stairs.

If you wish to renew the hire period after 6 months then Little & Lampert will do so, but the hire charge may increase and any rental money paid under the previous agreement cannot be used against the purchase of the piano. During the last month of hire Little & Lampert will contact you to arrange removal of the piano or discuss purchasing options or renewal of the hire period. If you decide to purchase the piano the return leg of the transport will be refunded in full. The purchase options are as follows;

1. 3 months, 100% of the rent is deducted from the RRP.
2. 6 months, 100% of the rent is deducted from the RRP.

If the piano is damaged in any way during the hire period the cost of repairs will fall upon the Hirer. You must ensure that the piano is well looked after at all times.
