Free Cloud
Is Just the Beginning.

If you are...

- A startup of any size
- In the B2B or B2C technology space
- Targeting a large addressable market

And you want...

- Enterprise scale
- Secure, value-priced cloud
- Access to global customers

You should...

- Sign up at **oracle.com/startup**
- Receive free cloud credits and a 70% discount
- Start building!

Oracle is for Startups

We are creating a virtuous cycle of innovation by blending startup ingenuity with enterprise resources to deliver transformative solutions to customers.

Accelerate with Cloud

Startups accelerate their growth with free cloud and support from experienced product teams.

- 70% discount on cloud from day 1
- $500 of free cloud credits (with the option to apply for more)
- Migration and technical support with live monthly webinars

Scale Your Business

Engagement and co-selling with Oracle's global customer base provide a path to revenue.

- Access to experienced mentoring and a virtual curriculum
- Exposure via global marketing, events and PR teams*
- Opportunities to engage with Oracle's more than 430,000 customers*

*for qualifying startups

"The partnership with Oracle has been game-changing for us. It gives us access to enterprise-grade technology as well as customers and marketing, and all we have to do is concentrate on growing our business."

— Peter Lilley
Cofounder, iGeolise

"The team at Oracle is truly invested in our success and it shows in their committed partnership and resources. It's refreshing to see this level of entrepreneurial spirit and commitment to startups at such a large corporation."

— Karyl Fowler
Cofounder and CEO
