Large choice of zip colours available. Headphones come packed in a zip up pouch

Fits audio device with a 3.5mm jack socket

Get your business in front of your customer

ScreenWipe is an excellent cleaning product for mobile phones. It removes dust, smudges, smears and finger prints from screens.

Branded with your logo and phone number, your customer will see your details **EVERY** time they use their mobile.

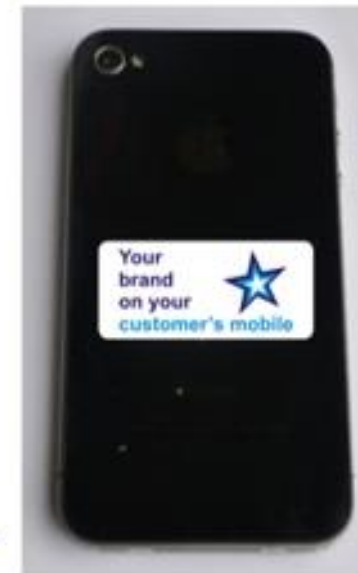

To use :-

Peel the wipe from the back of the phone.

Wipe the screen clean with the printed microfibre surface.

Stick the wipe back onto the phone.

The printed microfibre surface cleans delicate screens without scratching.

Each ScreenWipe is supplied packed on a printed backing card in a clear polybag. The backing card can be customised with your full colour design.
