# Exterior Lighting
MARLOW LED Globe

UK Manufacture
5 YEAR WARRANTY

MARLOW— sophisticated, elegant and efficient

The Earlsmann Marlow LED globe amenity light is extremely efficient and one of the most environmentally friendly available.

The CREE cool white LED used delivers excellent colour rendering and visibility and full brightness at turn-on with minimal overspill. This is an ideal replacement for sodium lighting - providing instant benefits in lower maintenance costs, reduced power consumption and improved lighting levels.

To simplify any maintenance required the power supply is mounted in the post making it safe to access with minimum disruption and cost.

Earlsmann manufactures the Marlow LED globe light in the UK, providing a high-quality, reliable product supported by a full five-year warranty.

Good to know: The Marlow uses the latest CREE LED technology to provide unrivalled efficiency –typically using 60% less energy than older LPS lighting.

Benefit from...
Low power consumption - **Reduced energy bills, reduced CO_2**
Long life, reduced maintenance - **Lower running costs**
Excellent colour rendering - **Improved safety**
Easy access driver - **simplified/lower cost maintenance**

Specifications

Colour Temperature	Cool White 5000K (nominal)
Efficacy	up to 112lm/W
Colour Rendering Index	>70Ra
Voltage	220-240Vac 50/60Hz
Markings	CE
LED	CREE array 2530
LED life (T_j=85°C)	LM80/TM21 (6k) L90>36000hrs *
Power factor	>0.95
Driver	>88% efficiency
Colour	Black
Dimensions (body)	450mm diameter
Mounting	V60 standard
Materials	Black/clear pc
Weight	<3kg
Sealing	IP65
Ambient temp	-25°C to +40°C

* Please call us to discuss LM80/TM21 testing

Options

Mount	Wall bracket, 76mm, 89mm adapter
Diameter	from 350mm to 600mm
Photocell	
Dimming	Preset
Timer	
Colour temp	3000K, 4000K
Globe style	Prismatic

Output (actual)

LED Power (W)	Total Power	Luminaire Output (Lm)
12	14	1650
18	21	2200
