NOTES

Chest Measurement

Keeping the tape level, measure all the way around the fullest part of the chest approximately 2.5cm below the arm pits.

Waist Measurement

Keeping the tape level, measure all the way around the narrowest part of your waist (our trousers and shorts are elasticated so there is always plenty of room for movement).

Low Hip Measurement

Keeping the tape level, measure all the way around the fullest part of the bottom.

General Tips

- Measure yourself wearing underwear.
- Do not measure over clothing.
- Stand straight and keep both feet on the floor.
- Make sure the tape measure is kept level.
- Ask a friend to help take your measurements.
