We will independently review your landline and mobile estate with no obligation, including:

- free cost analysis and audit of your current provider's charges
- proposal including areas where cost savings have been identified
- ongoing monthly account reviews and assessments to ensure that you are always receiving the most cost effective packages.

OUR DISTINCT ADVANTAGE

Monthly Audits

We've managed **Pace Plc** telecoms estate since 2003 and save them 53% on their fixed lines.

"Our employees travel globally; Intouch Advance's monthly management reports provides us with information on their individual travel and call patterns.

Intouch Advance support us with advice on the most appropriate and cost effective bolt-ons to help minimise our spend."

— Graham Barker, Group Facilities Manager

Exceptional cost savings

Since 2005 we've delivered up to 80% cost savings to **Yorkshire Air Ambulance**.

"The benefits of us using Intouch Advance have been enormous. The savings to us in telephone costs since we started using them has been significantly high.

Benchmark checks are made with other providers and suppliers from time to time and as yet Intouch has always been ahead of the game."

— Bruce Burns, Vice Chair, Yorkshire Air Ambulance

Bespoke telecoms solution

A valued customer since 1999, we manage **Tuffnells Parcel'** mobile fleet, hands free kits, broadband for CCTV and effective tariffs.

"Intouch Advance are best at listening to us and adapting their offerings to meet the changing needs of our business.

Their understanding of my own organisation is such they have become part of my own team."

— Robin Batchford, Systems Director, Tuffnells Parcels Express
